The Rough Guide to Miami & South Florida Mark Ellwood 2008-10-01 The Rough to Miami & Southern Florida is the definitive guide to the ever-emerging city of Miami and the hot and happening Southern Florida. Covering the Cuban must-sees like Little Havana, the non-stop party scene in South Beach, and the artsy enclave of the Biscayne Corridor, it also features in-depth coverage of the glorious Florida Keys. The only guide to this region which has a dedicated full-length chapter on Fort Lauderdale, The Rough Guide to Miami and South Florida is fully updated, with expanded listings of restaurants, accommodation, and nightlife for all budgets, and everything from art museums to sun drenched beaches. You'll find two full-colour sections that highlight Miami's eye-catching architecture, and "Miami Vices," including its trendy clubs, festivals and fashion. Make the most of your time with The Rough Guide to Miami & Southern Florida.

The Route 66 Encyclopedia Jim Hinckley 2012-11-15 An encyclopedia with a twist, The Route 66 Encyclopedia presents alphabetical entries on Route 66 history, landmarks, personalities, and culture, from Bobby Troup's anthem "Route 66" to The Grapes of Wrath to the Wigwam Motel, illustrated with over 1,000 old and new, color and black-and-white photos and memorabilia. You'll learn about Jack Rittenhouse and Will Rogers as well as the contributions of lesser-known figures like Arthur Nelson and Angel Delgadillo. With references to the old (including the history of the U Drop Inn Café in Texas) and new (including a section about the recent Cars movie), The Route 66 Encyclopedia provides a sweeping look at a highway that has become more than just a road. These pages cover the history of Route 66 and the people who played a role in its transformation from highway to icon between 1926 and the present, but like the highway itself, this work does not fit within the traditional confines of generalities or terminology. Yes, this is an encyclopedia, a reference book for all things Route 66. However, it is also a time capsule, a travel guide, a history book, a memorial, a testimonial, and a chronicle of almost a century of societal evolution.

Portrait of Route 66 T. Lindsay Baker 2016-09-20 By the time Route 66 received its official numerical designation in 1926, picture postcards had become popular travel souvenirs. At the time, these postcards with colorful images served as advertisements for roadside businesses. While cherished by collectors, these postcard depictions do not always reflect reality. They often present instead a view enhanced for promotional purposes. Portrait of Route 66 lets us see for the first time the actual photographs from which the postcards were made, and in describing how the production process worked, introduces us to an extraordinary archival collection, adding new history to this iconic road. The Curt Teich Postcard Archives, held at the Lake County Discovery Museum in Wauconda, Illinois, contains one of the nation's largest collections of Route 66 images, including thousands of job files for postcards produced by Curt Teich and Company of Chicago. T. Lindsay Baker combed these files to choose the best examples of postcards and their accompanying photographs not only to reflect well-known sites along the route but also to demonstrate the relationships between photographs and their resulting postcards. The photographs show the reality of the locations that customers sometimes wanted "improved" for aesthetic purposes in creating the postcards. Such alterations included removing utility poles or automobile traffic and rendering overcast skies partly cloudy. This book will interest historians of art and design as well as the worldwide audiences of Route 66 aficionados and postcard collectors. For its mining of an invaluable and little-known photographic archive and depiction of high-quality photographs that have not been seen before, Portrait of Route 66 will be irresistible to all who are interested in American history and culture.

The Rough Guide to Oman Gavin Thomas 2013-10-17 Oman is one of the world's most exciting emerging tourist destinations-offering a genuine taste of old Arabia and an oasis of traditional culture amidst the frantically modernizing Gulf states. The country boasts a string of captivating attractions. Scenically, it's one of the region's most memorable destinations, from the craggy uplands of the Hajar mountains to the spectacular fjords of the Musandam peninsula and the dramatic dunes of the Wahiba Sands. Culturally, the country boasts a variety of absorbing sights, ranging from the traditional souks of Muscat, Nizwa, and Salalah to the atmospheric mudbrick

towns and towering forts of the interior. The new Rough Guide to Oman is the first in-depth guide to this fascinating country, complete with detailed coverage of all sights, new state-of-the-art maps, and practical information including comprehensively road-tested information about driving and walking routes both on and off the beaten track. Originally published in print in 2011. Now available in ePub format.

Routledge Handbook of Transnational Organized Crime Felia Allum 2021-11-09 This fully revised new edition provides a definitive and holistic overview of Transnational Organized Crime (TOC) in a world in which right wing populism has gained ground, trade wars are increasing, climate change is a reality and Covid poses a challenge for years to come. Updated to reflect the changing world environment, the book includes new chapters on issues such as criminal network analysis, environmental crime, cybercrime, people smuggling, drugs activities in the modern world, the relationship between organized crime and corruption, anti-organized crime resilience and the effectiveness of the fight against organized crime. New country case studies have also been included. The handbook is presented in six sections: • Concepts, theories and laws • Origins and manifestations • Contagion and evolution • Intensity and impact • Governance • Reaction and future Truly interdisciplinary in nature, the handbook features contributions from an international team of experts, working in different academic disciplines and within varied law enforcement agencies. It will appeal to scholars, policymakers and practitioners in International Law, Global Governance, International Political Economy and Security Studies.

Book jacket.

The Official Railway Guide 1897

Routledge Handbook of Urban Planning in Africa Carlos Nunes Silva 2019-11-14 This handbook contributes with new evidence and new insights to the on-going debate on the de-colonization of knowledge on urban planning in Africa. African cities grew rapidly since the mid-20th century, in part due to rising rural migration and rapid internal demographic growth that followed the independence in most African countries. This rapid urbanization is commonly seen as a primary cause of the current urban management challenges with which African cities are confronted. This importance given to rapid urbanization prevented the due consideration of other dimensions of the current urban problems, challenges and changes in African cities. The contributions to this handbook explore these other dimensions, looking in particular to the nature and capacity of local self-government and to the role of urban governance and urban planning in the poor urban conditions found in most African cities. It deals with current and contemporary urban challenges and urban policy responses, but also offers an historical overview of local governance and urban policies during the colonial period in the late 19th and 20th centuries, offering ample evidence of common features, and divergent features as well, on a number of facets, from intra-urban racial segregation solutions to the relationships between the colonial power and the natives, to the assimilation policy, as practiced by the French and Portuguese and the Indirect Rule put in place by Britain in some or in part of its colonies. Using innovative approaches to the challenges confronting the governance of African cities, this handbook is an essential read for students and scholars of Urban Africa, urban planning in Africa and African Development.

International Handbook of Globalization and World Cities Ben Derudder 2012-02-01 This Handbook offers an unrivalled overview of current research into how globalization is affecting the external relations and internal structures of major cities in the world. By treating cities at a global scale, it focuses on the 'stretching' of urban functions beyond specific place locations, without losing sight of the multiple divisions in contemporary world cities. The book firmly bases city networks in their historical context, critically discusses contemporary concepts and key empirical measures, and analyses major issues relating to world city infrastructures, economies, governance and divisions. The variety of urban outcomes in contemporary globalization is explored through detailed case studies. Edited by leading scholars of the Globalization and World Cities (GaWC) Research Network and written by over 60 experts in the field, the Handbook is a unique resource for students, researchers and academics in urban and globalization studies as well as for city professionals in planning and policy.

The Oxford Handbook of Mystical Theology Edward Howells 2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon. It differs not only from psychological and anthropological studies of mysticism, but from other theological studies, such as more practical or pastorally-oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development. It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools, as well as from literary studies of the linguistic tropes and expressive forms in mystical texts. None of these perspectives is absent, but the method here is more deliberately theological, working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms, in order, finally, to permit a critical theological engagement with them for today. Divided into four parts, the first section introduces the approach to mystical

theology and offers a historical overview. Part two attends to the concrete context of sources and practices of mystical theology. Part three moves to the fundamental conceptualities of mystical thought. The final section ends with the central contributions of mystical teaching to theology and metaphysics. Students and scholars with a variety of interests will find different pathways through the Handbook.

The Rough Guide to Las Vegas Rough Guides 2011-04-01 The Rough Guide to Las Vegas is the definitive guide to the entertainment capital of the world. Whether you're looking for inspiring accommodation or great places to eat, from bargain buffets to the latest gourmet restaurants, you'll find the solution.
