Disarm: the Complete Novel June Gray
2014-02-04 June Gray's bestselling erotic serial is now available in print for the first time—as one complete novel. When the secrets of the past begin to surface, the truth can be disarming... Twenty-six-year-old Elsie Sherman has had a crush on her brother's best friend, Henry Logan,

since she was twelve years old. Unfortunately, Henry—now an Air Force officer—has only ever treated her like a younger sister, stepping into her brother's shoes after he was killed in action. That is, until the night when one dance ignites a sensual fire between the two, leaving Elsie aroused and confused. Is she allowed to lust after her surrogate big brother, who also happens to

be her roommate? As the passion between them crosses the line into a territory that teases with the forbidden, Elsie decides to give herself to the man she has always desired. But Elsie is not prepared for where the relationship will take her. Henry has been harboring two secrets. One can bring them closer together. The other will tear them apart. Now, with each startling new revelation, Elsie realizes that only she can decide if the past can ever be forgiven—and if a future with Henry is worth fighting for. Includes a never-before-published bonus short story.

Critical Terms for the Study of Buddhism Donald S. Lopez Jr. 2009-11-15 Over the past century, Buddhism has come to be seen as a world religion, exceeding Christianity in longevity and, according to many, philosophical wisdom. Buddhism has also increasingly been described as strongly ethical, devoted to nonviolence, and dedicated to bringing an end to human suffering. And because it places such a strong emphasis on rational analysis, Buddhism is considered more

compatible with science than the other great religions. As such, Buddhism has been embraced in the West, both as an alternative religion and as an alternative to religion. This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions. Each of the fifteen essays here shows students how a fundamental term—from art to word—illuminates the practice of Buddhism, both in traditional Buddhist societies and in the realms of modernity. Apart from Buddha, the list of terms in this collection deliberately includes none that are intrinsic to the religion. Instead, the contributors explore terms that are important for many fields and that invite interdisciplinary reflection. Through incisive discussions of topics ranging from practice, power, and pedagogy to ritual, history, sex, and death, the authors offer new directions for the understanding of Buddhism, taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of

assumptions about the religion and the potential power of revisionary approaches. Following the tradition of Critical Terms for Religious Studies, this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions.

The Temples of Lhasa Andre Alexander 2005 "

The Temples of Lhasa is a comprehensive survey of historic Buddhist sites in the Tibetan capital of Lhasa. The study is based on the Tibetan Heritage Fund's official five-year architectural conservation project in Tibet, during which the author and his team had unlimited access to the buildings studied. The documented sites span the entire known history of Tibetan Buddhist art and architecture from the 7th to the 21st centuries. The book is divided into thirteen chapters, covering all the major and minor temples in historic Lhasa. These include some of Tibet's

oldest and most revered sites, such as the Lhasa Tsukla-khang and Ramoche, as well as lesser-known but highly important sites such as the Jebumgang Lha-khang, Meru Dratsang and Meru Nyingpa. It is illustrated with numerous color plates taken over a period of roughly 15 years from the mid-1980s to today and is augmented with rare photographs and reproductions of Tibetan paintings. This book also provides detailed architectural drawings and maps made by the project. Each site has been completely surveyed, documented and analyzed. The history of each site has been written - often for the first time - based on source texts and survey results, as well as up-to-date technology such as carbon dating, dendrochronology, and satellite data. Tibetan source texts and oral accounts have also been used to reconstruct the original design of the sites. Matthew Akester has contributed translations of Tibetan source texts, including excerpts from the writings of the Fifth and Thirteenth Dalai Lamas. This documentation of

Tibetan Buddhist temple buildings is the most detailed of its kind, and is the first professional study of some of Tibet's most significant religious buildings. The comparative analysis of Tibetan Buddhist architecture covers 13 centuries of architectural history in Tibet."--Publisher's website.

Life Stories David Remnick 2007-12-18 One of art's purest challenges is to translate a human being into words. The *New Yorker* has met this challenge more successfully and more originally than any other modern American journal. It has indelibly shaped the genre known as the Profile.

Starting with light-fantastic evocations of glamorous and idiosyncratic figures of the twenties and thirties, such as Henry Luce and Isadora Duncan, and continuing to the present, with complex pictures of such contemporaries as Mikhail Baryshnikov and Richard Pryor, this collection of New Yorker Profiles presents readers with a portrait gallery of some of the most prominent figures of the twentieth century. These Profiles are literary-journalistic investigations into character and accomplishment, motive and madness, beauty and ugliness, and are unrivalled in their range, their variety of style, and their embrace of humanity. Including these twenty-eight profiles: "Mr. Hunter's Grave" by Joseph Mitchell "Secrets of the Magus" by Mark Singer "Isadora" by Janet Flanner "The Soloist" by Joan Acocella "Time . . . Fortune . . . Life . . . Luce" by Walcott Gibbs "Nobody Better, Better Than Nobody" by Ian Frazier "The Mountains of Pi" by Richard Preston "Covering the Cops" by Calvin Trillin "Travels in Georgia" by John McPhee "The

Lost and Found Sarah Jakes 2014-04-01 Don't let your past keep you from a full future. Like every girl, Sarah Jakes dreamed of a life full of love, laughter, and happy endings. But her dreams changed dramatically when she became

pregnant at age thirteen, a reality only compounded by the fact that her father, Bishop T.D. Jakes, was one of the most influential megachurch pastors in the nation. As a teen mom and a high-profile preacher's kid, her road was lonely. She was shunned at school, gossiped about at church. And a few years later, when a fairy-tale marriage ended in a spiral of hurt and rejection, she could have let her pain dictate her future. Instead, she found herself surrounded by a God she'd given up on, crashing headlong with Him into a destiny she'd never dreamed of. Sarah's captivating story, unflinchingly honest and deeply vulnerable, is a vivid reminder that God can turn even the deepest pain into His perfection. More than a memoir, *Lost and Found* offers hope and encouragement. Perhaps you, like Sarah, find yourself wandering the detours of life. Regardless of how lost you feel, you, too, can be found.

Livability Jon Raymond 2009-07-01 A tired man, struggling to overcome the loss of his wife in a car accident. Two old friends, hoping to rediscover their connection on a trip to the woods. A screenwriter hoping to hear news about the future of his film. In Jon Raymond's deft, nuanced stories, these and other characters contend with the frustrations, longings, and mood swings we face every day. Artfully conveying the feeling of lived experience, these stories brim with gratifying sensory detail: the sound of a tree root snapping underfoot, the smell of a roast, the stillness of the air after music has stopped. And, with careful observations and a humane spirit, *Livability* gives us a portrait of America full of characters finding ways to survive their own choices. Published to

coincide with the national release of Wendy and Lucy, these refined, elegiac stories are the work of a writer with a long and promising career ahead of him.

The Dancing Girls of Lahore Louise Brown 2009-10-13 An unforgettable and compassionate look at the lives of the residents of Lahore's pleasure district The Dancing Girls of Lahore inhabit the Diamond District in the shadow of a great mosque. The 21st century goes on outside the walls, this ancient quarter, but scarcely registers within. Though their trade can be described with accuracy as prostitution, the dancing girls have an illustrious history: beloved by sultans, their sophisticated art encompassed the best of Mughal culture. The modern day Bollywood aesthetic, with its love of gaudy spectacle, music, and dance, is their distant legacy. But the life of the pampered courtesan is not the one now being lived by Maha and her

three girls. What they do is forbidden by Islam, though tolerated; but they are, unclean, and Maha's daughters, like her, are born into the business and will not leave it. Sociologist Louise Brown spent four years in the most intimate study of the family life of one Lahori courtesan. Beautifully understated, it turns a novelist's eye on a true story that beggars the imagination. Maha, at fourteen a classically trained dancer of exquisite grace, had her virginity sold to the Sultan of Dubai; when her own daughter Nena comes of age and Maha cannot bring in the money she once did, she faces a terrible decision as the agents of the Sultan come calling once more.

Thinking in New Boxes Luc De Brabandere 2013-09-10 When BIC, manufacturer of

disposable ballpoint pens, wanted to grow, it looked for an idea beyond introducing new sizes and ink colors. Someone suggested lighters. LIGHTERS? With an idea that seemed crazy at first, that bright executive, instead of seeing BIC as a pen company—a business in the PEN “box”—figured out that there was growth to be found in the DISPOSABLE “box.” And he was right. Now there are disposable BIC lighters, razors, even phones. The company opened its door to a host of opportunities. IT INVENTED A NEW BOX. Your business can, too. And simply thinking “out of the box” is not the answer. True ingenuity needs structure, hard analysis, and bold brainstorming. It needs to start THINKING IN NEW BOXES—a revolutionary process for sustainable creativity from two strategic innovation experts from The Boston Consulting Group (BCG). To make sense of the world, we all rely on assumptions, on models—on what Luc de Brabandere and Alan Iny call “boxes.” If we are unaware of our boxes, they can blind us to risks

and opportunities. This innovative book challenges everything you thought you knew about business creativity by breaking creativity down into five steps: • Doubt everything. Challenge your current perspectives. • Probe the possible. Explore options around you. • Diverge. Generate many new and exciting ideas, even if they seem absurd. • Converge. Evaluate and select the ideas that will drive breakthrough results. • Reevaluate. Relentlessly. No idea is a good idea forever. And did we mention Reevaluate? Relentlessly. Creativity is paramount if you are to thrive in a time of accelerating change. Replete with practical and potent creativity tools, and featuring fascinating case studies from BIC to Ford to Trader Joe’s, Thinking in New Boxes will help you and your company overcome missed opportunities and stay ahead of the curve. This book isn’t a simpleminded checklist. This is Thinking in New Boxes. And it will be fun. (We promise.) Praise for Thinking in New Boxes “Excellent . . . While focusing on

business creativity, the principles in this book apply anywhere change is needed and will be of interest to anyone seeking to reinvent herself.”—Blogcritics “Thinking in New Boxes is a five-step guide that leverages the authors’ deep understanding of human nature to enable readers to overcome their limitations and both imagine and create their own futures. This book is a must-read for people living and working in today’s competitive environment.”—Ray O. Johnson, Ph.D., chief technology officer, Lockheed Martin “Thinking In New Boxes discusses what I believe to be one of the fundamental shifts all companies/brands need to be thinking about: how to think creatively, in order to innovate and differentiate our brands. We need to thrive and lead in a world of accelerating change and this book challenges us to even greater creativity in our thinking. One of the best business books I’ve read in a long time.”—Jennifer Fox, CEO, Fairmont Hotels & Resorts “As impressive as teaching new tricks to old dogs, Thinking in New

Boxes is both inspirational and practical—a comprehensive, step-by-step guide to sharpening one’s wits in order to harness creativity in the workplace.”—Peter Gelb, general manager, Metropolitan Opera

The Moment of Everything Shelly King
2014-09-02 In the tradition of The Cookbook Collector comes a funny, romantic novel about a young woman finding her calling while saving a used bookstore. Maggie Duprv®, recently "involuntarily separated from payroll" at a Silicon Valley startup, is whiling away her days in The Dragonfly's Used Books, a Mountain View institution, waiting for the Next Big Thing to come along. When the opportunity arises for her to network at a Bay Area book club, she jumps at the chance—even if it means having to read Lady Chatterley's Lover, a book she hasn't encountered since college, in an evening. But the edition she finds at the bookstore is no Penguin Classics Chatterley—it's an ancient hardcover with notes in the margins between two besotted

lovers of long ago. What Maggie finds in her search for the lovers and their fate, and what she learns about herself in the process, will surprise and move readers. Witty and sharp-eyed in its treatment of tech world excesses, but with real warmth at its core, *The Moment of Everything* is a wonderful read.

Left for Dead Beck Weathers 2000-09-21 With a new preface by the author • As featured in the upcoming motion picture Everest, starring Jason Clarke, Josh Brolin, John Hawkes, Robin Wright, Emily Watson, Keira Knightley, Sam Worthington, and Jake Gyllenhaal “I can tell you that some force within me rejected death at the last moment and then guided me, blind and stumbling—quite literally a dead man walking—into camp and the shaky start of my return to life.” In 1996 Beck Weathers and a climbing team pushed toward the summit of Mount Everest. Then a storm exploded on the mountain, ripping the team to shreds, forcing brave men to scratch and crawl for their lives. Rescuers who reached Weathers saw that he was dying, and left him. Twelve hours later, the inexplicable occurred. Weathers appeared, blinded, gloveless, and caked with ice—walking down the mountain. In this powerful memoir, now featuring a new Preface, Weathers describes not only his escape from hypothermia and the

murderous storm that killed eight climbers, but the journey of his life. This is the story of a man's route to a dangerous sport and a fateful expedition, as well as the road of recovery he has traveled since; of survival in the face of certain death, the reclaiming of a family and a life; and of the most extraordinary adventure of all: finding the courage to say yes when life offers us a second chance. Praise for *Left for Dead* "Riveting . . . [a] remarkable survival story . . . *Left for Dead* takes a long, critical look at climbing: Weathers is particularly candid about how the demanding sport altered and strained his relationships."—USA Today "Ultimately, this engrossing tale depicts the difficulty of a man's struggle to reform his life."—Publishers Weekly

Latin America Transformed Robert N Gwynne
2014-04-23 Praise for the first edition:
'Accomplishes its task to provide readers with a broad multi-disciplinary view on globalization's many impacts on Latin America ... the organization of the collection is logical and

thoughtful, and the structural perspectives offered are convincing and powerful. I recommend it to other Latin American social scientists.' Growth and Change 'An impressive, timely and lively volume, which is especially valuable for teaching purposes.' Journal of Latin American Studies 'Authoritatively written by leading scholars in their respective fields.' Area Latin America Transformed, 2nd Edition explains the region's economic, political, social and cultural transformations, its association with globalization and the search for modernity, and contributes to a greater understanding of how these transformations are affecting the people of Latin America. Using a political economy approach to unravel the concepts of globalization and modernity within Latin America, emphasis is placed on interpreting the macro-level structures that frame the transformations taking place. The book also investigates the dynamics of people's livelihoods as they make sense of, rework and live out these structural transformations. The

international team of authors involved with the successful first edition have updated their focus and substantially rewritten their material to examine the challenges facing Latin America in the twenty-first century. Three completely new chapters have also been added. Latin America Transformed, 2nd Edition is now even more useful for undergraduate and postgraduate courses that examine economic, political, social and cultural change in Latin America.

Leonardo Da Vinci Charles Nicholl 2005-04-07
Leonardo is the greatest, most multi-faceted and most mysterious of all Renaissance artists, but extraordinarily, considering his enormous reputation, this is the first full-length biography in English for several decades. Prize-winning author Charles Nicholl has immersed himself for five years in all the manuscripts, paintings and artefacts to produce an 'intimate portrait' of Leonardo. He uses these contemporary materials - his notebooks and sketchbooks, eye witnesses and early biographies, etc - as a way into the mental tone and physical texture of his life and has made myriad small discoveries about him and his work and his circle of associates. Among

much else, the book identifies what Nicholl argues is an unknown portrait of the artist hanging in a church near Lodi in northern Italy. It also contains new material on his eccentric assistant Tomasso Masini, on his homosexual affairs in Florence, and on his curious relationship with a female model and/or prostitute from Cremona. A masterpiece of modern biography.
