Signs for Developing Reading Emil Holmer 2016-05-23 Reading development is supported by strong language skills, not least in deaf and hard-of-hearing (DHH) children. The work in the present thesis investigates reading development in DHH children who use sign language, attend Regional Special Needs Schools (RSNS) in Sweden and are learning to read. The primary aim of the present work was to investigate whether the reading skills of these children can be improved via computerized sign language based literacy training. Another aim was to investigate concurrent and longitudinal associations between skills in reading, sign language, and cognition in this population. The results suggest that sign language based literacy training may support development of word reading. In addition, awareness and manipulation of the sub-lexical structure of sign language seem to assist word reading, and imitation of familiar signs (i.e., vocabulary) may be associated with developing reading comprehension. The associations revealed between sign language skills and reading development support the notion that sign language skills provide a foundation for emerging reading skills in DHH signing children. In addition, the results also suggest that working memory and Theory of Mind (ToM) are related to reading comprehension in this population. Furthermore, the results indicate that sign language experience enhances the establishment of representations of manual gestures, and that progression in ToM seems to be typical, although delayed, in RSNS pupils. Working memory has a central role in integrating environmental stimuli and language-mediated representations, and thereby provides a platform for cross-modal language processing and multimodal language development.

You Complicate Me Isabel Jordan 2018-03-28 Grace Montgomery has a

very simple plan. Fly to her younger brother's wedding, stop the wedding, go home, make partner at her law firm. Almost getting arrested by air marshal Nick O'Connor? Not part of the plan. Neither was puking on him. (Don't ask) Finding out he's her soon-to-be brother-in-law...also a minor setback to her plan. And don't even get her started on her untimely attraction to the tall, dark, and dead-sexy jerk. If Nick had a plan, it wouldn't include getting involved with a woman as complicated as Grace. It especially wouldn't include road tripping with her to attend a week of pre-wedding family events. But as it turns out, traveling-and sparring-with the lovely, sharp-witted Grace is the most fun Nick's had since, well, ever. And their sexual chemistry? Off. The. Charts. It doesn't take long for Grace to realize there's a lot more to her air marshal than a pretty face and a big, um, gun. If she's not careful, she just might lose her highly prized control-not to mention her heart-to Nick. But before Grace and Nick can set foot on the road to happily ever after, they'll have to deal with Grace's meddling ex, a slew of dysfunctional family members, and a contaminated pumpkin bisque (long story) ... and that's all before the end of day two. It's gonna be a long, complicated week...

Bad Monkey Carl Hiaasen 2013-06-11 Andrew Yancy—late of the Miami Police and soon-to-be-late of the Monroe County sheriff's office—has a human arm in his freezer. There's a logical (Hiaasenian) explanation for that, but not for how and why it parted from its shadowy owner. Yancy thinks the boating-accident/shark-luncheon explanation is full of holes, and if he can prove murder, the sheriff might rescue him from his grisly Health Inspector gig (it's not called the roach patrol for nothing). But

first—this being Hiaasen country—Yancy must negotiate an obstacle course of wildly unpredictable events with a crew of even more wildly unpredictable characters, including his just-ex lover, a hot-blooded fugitive from Kansas; the twitchy widow of the frozen arm; two avariciously optimistic real-estate speculators; the Bahamian voodoo witch known as the Dragon Queen, whose suitors are blinded unto death by her peculiar charms; Yancy's new true love, a kinky coroner; and the eponymous bad monkey, who with hilarious aplomb earns his place among Carl Hiaasen's greatest characters. Here is Hiaasen doing what he does better than anyone else: spinning a tale at once fiercely pointed and wickedly funny in which the greedy, the corrupt, and the degraders of what's left of pristine Florida—now, of the Bahamas as well—get their comeuppance in mordantly ingenious, diabolically entertaining fashion.

Frankie Manning Frankie Manning 2007 In the early days of swing dancing, Frankie Manning stood out for his moves and his innovative routines; he created the "air step" in the Lindy hop, a dance that took the U.S. and then the world by storm. In this fascinating autobiography, choreographer and Tony Award winner (Black and Blue) Frankie Manning recalls how his first years of dancing as a teenager at Harlem's Savoy Ballroom led to his becoming chief choreographer and a lead dancer for "Whitey's Lindy Hoppers," a group that appeared on Broadway, in

Hollywood musicals, and on stages around the globe. Manning brings the Swing Era vividly back to life with his recollections of crowded ballrooms and of Lindy hoppers trying to outdo each other in spectacular performances. His memories of the many headliners and film stars, as well as uncelebrated dancers with whom he shared the stage, create a unique portrait of an era in which African American performers enjoyed the spotlight, if not a star's prerogatives and salary. With collaborator Cynthia Millman, Manning traces the evolution of swing dancing from its early days in Harlem through the post-World War II period, until it was eclipsed by rock 'n' roll and then disco. When swing made a comeback, Manning's 30-year hiatus ended. He has been performing, choreographing, and teaching ever since.
