To My Arrogant Boss J. S. Cooper 2021-01-01 To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

The Temples of Lhasa Andre Alexander 2005 "The Temples of Lhasa is a comprehensive survey of historic Buddhist sites in the Tibetan capital of Lhasa. The study is based on the Tibetan Heritage Fund's official five-year architectural conservation project in Tibet, during which the author and his team had unlimited access to the buildings studied. The documented sites span the entire known history of Tibetan Buddhist art and architecture from the 7th to the 21st centuries The book is divided into thirteen chapters, covering all the major and minor temples in historic Lhasa. These include some of Tibet's oldest and most revered

sites, such as the Lhasa Tsukla-khang and Ramoche, as well as lesser-known but highly important sites such as the Jebumgang Lha-khang, Meru Dratsang and Meru Nyingpa. It is illustrated with numerous color plates taken over a period of roughly 15 years from the mid-1980s to today and is augmented with rare photographs and reproductions of Tibetan paintings. This book also provides detailed architectural drawings and maps made by the project. Each site has been completely surveyed, documented and analyzed. The history of each site has been written - often for the first time - based on source texts and survey results, as well as up-to-date technology such as carbon dating, dendrochronology, and satellite data. Tibetan source texts and oral accounts have also been used to reconstruct the original design of the sites. Matthew Akester has contributed translations of Tibetan source texts, including excerpts from the writings of the Fifth and Thirteenth Dalai Lamas. This documentation of Tibetan Buddhist temple buildings is the most detailed of its kind, and is the first professional study of some of Tibet's most significant religious buildings. The comparative analysis of Tibetan Buddhist architecture covers 13 centuries of architectural history in Tibet."-- Publisher's website.

Democratic Theory and Causal Methodology in Comparative Politics Mark I. Lichbach 2013-08-06 Barrington Moore bequeathed comparativists a problem: how to reconcile his causal claim of "no bourgeoisie, no democracy" with his normative "dream of a free and rational society." In this book, Mark I. Lichbach harmonizes causal methodology and normative democratic theory, illustrating their interrelationship. Using a dialogue among four specific texts, Lichbach advances five constructive themes. First, comparativists should study the causal agency of individuals, groups, and democracies. Second, the three types of collective agency should be paired with an exploration of three corresponding moral dilemmas: ought-is, freedom-power, and democracy-causality. Third, at the center of inquiry, comparativists should place big-P

Paradigms and big-M Methodology. Fourth, as they play with research schools, creatively combining prescriptive and descriptive approaches to democratization, they should encourage a mixed-theory and mixed-method field. Finally, comparativists should study pragmatic questions about political power and democratic performance: In building a democratic state, which democracy, under which conditions, is best, and how might it be achieved?

Lost and Found Sarah Jakes 2014-04-01 Don't let your past keep you from a full future. Like every girl, Sarah Jakes dreamed of a life full of love, laughter, and happy endings. But her dreams changed dramatically when she became pregnant at age thirteen, a reality only compounded by the fact that her father, Bishop T.D. Jakes, was one of the most influential megachurch pastors in the nation. As a teen mom and a high-profile preacher's kid, her road was

lonely. She was shunned at school, gossiped about at church. And a few years later, when a fairy-tale marriage ended in a spiral of hurt and rejection, she could have let her pain dictate her future. Instead, she found herself surrounded by a God she'd given up on, crashing headlong with Him into a destiny she'd never dreamed of. Sarah's captivating story, unflinchingly honest and deeply vulnerable, is a vivid reminder that God can turn even the deepest pain into His perfection. More than a memoir, *Lost and Found* offers hope and encouragement. Perhaps you, like Sarah, find yourself wandering the detours of life. Regardless of how lost you feel, you, too, can be found.

Critical Terms for the Study of Buddhism Donald S. Lopez Jr. 2009-11-15 Over the past century, Buddhism has come to be seen as a world religion, exceeding Christianity in longevity and, according to many, philosophical wisdom. Buddhism has also increasingly been described as strongly ethical, devoted to nonviolence, and dedicated to bringing an end to human suffering. And because it places such a strong emphasis on rational analysis, Buddhism is considered more compatible with science than the

other great religions. As such, Buddhism has been embraced in the West, both as an alternative religion and as an alternative to religion. This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions. Each of the fifteen essays here shows students how a fundamental term—from art to word—illuminates the practice of Buddhism, both in traditional Buddhist societies and in the realms of modernity. Apart from Buddha, the list of terms in this collection deliberately includes none that are intrinsic to the religion. Instead, the contributors explore terms that are important for many fields and that invite interdisciplinary reflection. Through incisive discussions of topics ranging from practice, power, and pedagogy to ritual, history, sex, and death, the authors offer new directions for the understanding of Buddhism, taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches. Following the tradition of *Critical Terms for Religious Studies*, this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions.

Concepts, Ontologies, and Knowledge Representation Grega Jakus 2013-06-22 Recording knowledge in a common framework that would make it possible to seamlessly share global knowledge remains an important challenge for researchers. This brief examines several ideas about the representation of knowledge addressing this challenge. A widespread general agreement is followed that states uniform knowledge representation should be achievable by using ontologies populated with concepts. A separate chapter is dedicated to each of the three introduced topics, following a uniform outline: definition, organization, and use. This brief is intended for those who want to get to know the field of knowledge representation quickly, or would like to be up to date with current developments in the field. It is also useful for

those dealing with implementation as examples of numerous operational systems are also given.

The Moment of Everything Shelly King 2014-09-02 In the tradition of *The Cookbook Collector* comes a funny, romantic novel about a young woman finding her calling while saving a used bookstore. Maggie Dupriv@s, recently "involuntarily separated from payroll" at a Silicon Valley startup, is whiling away her days in *The Dragonfly's Used Books*, a Mountain View institution, waiting for the Next Big Thing to come along. When the opportunity arises for her to network at a Bay Area book club, she jumps at the chance—even if it means having to read *Lady Chatterley's Lover*, a book she hasn't encountered since college, in an evening. But the edition she finds at the bookstore is no Penguin Classics *Chatterley*—it's an ancient hardcover with notes in the margins between two besotted lovers of long ago. What Maggie finds in her search for the lovers and their fate, and what

she learns about herself in the process, will surprise and move readers. Witty and sharp-eyed in its treatment of tech world excesses, but with real warmth at its core, *The Moment of Everything* is a wonderful read.

Thinking in New Boxes Luc De Brabandere 2013-09-10 When BIC, manufacturer of disposable ballpoint pens, wanted to grow, it looked for an idea beyond introducing new sizes and ink colors. Someone suggested lighters. LIGHTERS? With an idea that seemed crazy at first, that bright executive, instead of seeing BIC as a pen company—a business in the PEN "box"—figured out that there was growth to be found in the DISPOSABLE "box." And he was right. Now there are disposable BIC lighters, razors, even phones. The company opened its door to a host of opportunities. IT INVENTED A NEW BOX. Your business can, too. And simply thinking "out of the box" is not the answer. True ingenuity needs structure, hard analysis, and bold brainstorming. It needs to start THINKING IN NEW BOXES—a revolutionary process for sustainable creativity from two strategic innovation experts from The Boston Consulting Group (BCG). To make sense of the world, we all rely on assumptions, on models—on what Luc de Brabandere and Alan Iny call "boxes." If we are unaware of our boxes, they can blind us to risks and opportunities. This innovative book challenges everything you thought you knew about business creativity by breaking creativity down into five steps: • Doubt everything. Challenge your current perspectives. • Probe the possible. Explore options around you. • Diverge. Generate many new and exciting ideas, even if they seem absurd. • Converge. Evaluate and select the ideas that will drive breakthrough results. • Reevaluate. Relentlessly. No idea is a good idea forever. And did we mention Reevaluate? Relentlessly. Creativity is paramount if you are to thrive in a time of accelerating change. Replete with practical and potent creativity tools, and featuring fascinating case studies from BIC to Ford to Trader Joe's, *Thinking in New Boxes* will help you and your company overcome missed opportunities and stay ahead

of the curve. This book isn't a simpleminded checklist. This is Thinking in New Boxes. And it will be fun. (We promise.) Praise for Thinking in New Boxes "Excellent . . . While focusing on business creativity, the principles in this book apply anywhere change is needed and will be of interest to anyone seeking to reinvent herself."—Blogcritics "Thinking in New Boxes is a five-step guide that leverages the authors' deep understanding of human nature to enable readers to overcome their limitations and both imagine and create their own futures. This book is a must-read for people living and working in today's competitive environment."—Ray O. Johnson, Ph.D., chief technology officer, Lockheed Martin "Thinking In New Boxes discusses what I believe to be one of the fundamental shifts all companies/brands need to be thinking about: how to think creatively, in order to innovate and differentiate our brands. We need to thrive and lead in a world of accelerating change and this book challenges us to even greater creativity in our thinking. One of the best business books I've read in a long time."—Jennifer Fox, CEO, Fairmont Hotels & Resorts "As impressive as teaching new tricks to old dogs, Thinking in New Boxes is both inspirational and practical—a comprehensive, step-by-step guide to sharpening one's wits in order to harness creativity in the workplace."—Peter Gelb, general manager, Metropolitan Opera

The Dancing Girls of Lahore Louise Brown 2009-10-13 An unforgettable and compassionate look at the lives of the residents of Lahore's pleasure district The Dancing Girls of Lahore inhabit the Diamond District in the shadow of a great mosque. The 21st century goes on outside the walls, this ancient quarter, but scarcely registers within. Though their trade can be described with accuracy as prostitution, the dancing girls have an illustrious history: beloved by sultans, their sophisticated art encompassed the best of Mughal culture. The modern day Bollywood aesthetic, with its love of gaudy spectacle, music, and dance, is their distant legacy. But the life of the pampered courtesan is not the one now

being lived by Maha and her three girls. What they do is forbidden by Islam, though tolerated; but they are, unclean, and Maha's daughters, like her, are born into the business and will not leave it. Sociologist Louise Brown spent four years in the most intimate study of the family life of one Lahori courtesan. Beautifully understated, it turns a novelist's eye on a true story that beggars the imagination. Maha, at fourteen a classically trained dancer of exquisite grace, had her virginity sold to the Sultan of Dubai; when her own daughter Nena comes of age and Maha cannot bring in the money she once did, she faces a terrible decision as the agents of the Sultan come calling once more.

The Widow Waltz Sally Koslow 2013-06-13 "This heartfelt, witty addition to women's fiction will appeal to fans of Elizabeth Berg and Anna Quindlen." (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It's only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia's sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow's fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring,

Death Waits in the Dark Mark Edward Langley 2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her

husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
