The Unidentified Colin Dickey 2021-07-20 "Absolutely perfect for the current moment." --Buzzfeed America's favorite cultural historian and author of Ghostland takes a tour of the country's most persistent "unexplained" phenomena In a world where rational, scientific explanations are more available than ever, belief in the unprovable and irrational--in fringe--is on the rise: from Atlantis to aliens, from Flat Earth to the Loch Ness monster, the list goes on. It seems the more our maps of the known world get filled in, the more we crave mysterious locations full of strange creatures. Enter Colin Dickey, Cultural Historian and Tour Guide of the Weird. With the same curiosity and insight that made Ghostland a hit with readers and critics, Colin looks at what all fringe beliefs have in common, explaining that today's Illuminati is yesterday's Flat Earth: the attempt to find meaning in a world stripped of wonder. Dickey visits the wacky sites of America's wildest fringe beliefs--from the famed Mount Shasta where the ancient race (or extra-terrestrials, or possibly both,

depending on who you ask) called Lemurians are said to roam, to the museum containing the last remaining "evidence" of the great Kentucky Meat Shower-- investigating how these theories come about, why they take hold, and why as Americans we keep inventing and re-inventing them decade after decade. The Unidentified is Colin Dickey at his best: curious, wry, brilliant in his analysis, yet eminently readable.

The Kolbrin Bible Janice Manning 2006-05 "The Kolbrin Bible is a 2-part, 11-book secular anthology. The first six books are called the "Egyptian texts" and were penned by Egyptian academicians following the Hebrew Exodus. The last five books are called the "Celtic texts" and were penned by Celtic priests following the death of Jesus. Several accounts describe an object in orbit around our sun sun called the "Destroyer," which the Celtic authors call the "Frightener." According to

recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun, and The Kolbrin Bible warns us of its imminent return and of yet another Biblical tribulation." -- Amazon.com.

Evidence of the Gods Erich von Däniken 2012-11-22 Ancient humans had the natural urge to document the world in which they lived, a fact that is evident in the cave paintings and carvings that still exist today. Why do rock paintings from various sites around the world all seem to depict the same things? Did the peoples of the prehistoric world have contact with each another? Is

it possible that some were transported to far-flung locations in what our ancestors could only have described as "flying chariots"? Erich von Däniken, one of the best-selling authors of all time and regarded by many as the father of the ancient alien theory, continues his mission to uncover Earth's ancient past—this time with more than 150 extraordinary full-color photographs—in *Evidence of the Gods*. This extensively illustrated book features never-before-seen photographs from his unique archive, compiled throughout decades of searching around the world for traces of the cosmic gods whom he believes came to Earth thousands of years ago. *Evidence of the Gods* offers the best and most impressive evidence to date, along with concise explanations for the images, to bolster the case that von Däniken has already been making quite convincingly for years. *Evidence of the Gods* is his most convincing—and thoroughly entertaining—work yet. Did extraterrestrial visitors really leave their unmistakable traces on our planet thousands of years ago? The images will speak for themselves.

unsolved and defied all rational explanations.

Aliens in America William J Birnes 2010-08-18 "You don't have to be an avid hunter to enjoy the many UFO hotspots in the United States. Nor do you have to have any special clearance to pull your car up along the "Alien Highway" outside of Area 51 to watch the UFOs dance in the nighttime sky. Enthusiasts and vacationers looking for out-of-the-ordinary excursions just need this unique user's guide to the most historic UFO hotspots around. Inside is classified information from across the nation, such as: The Hudson Valley Triangle—New York The Kokomo Lights—Indiana The Great Lakes UFOs—Michigan The Maury Island Incident—Washington The Gulf Breeze Sightings—Florida Whether they're driving, camping, or flying, this book is the only guide readers will need to learn the story behind the hotspot, find the best hotel or campsite—and catch a glimpse of our friends in the sky."

The Encyclopedia of Unsolved Mysteries Colin Wilson 2015-08-25 From the bestselling author of *THE OUTSIDER* Is the Shroud of Turin a holy relic or a clever fake? What was the coded message that made a poor French priest a millionaire, and does it prove that the crucifixion was a fraud? And what lies at the bottom of the 200-foot shaft on Oak Island, Newfoundland, where two centuries of digging have yet to unearth the buried treasure that must be there? In *THE ENCYCLOPEDIA OF UNSOLVED MYSTERIES*, Colin Wilson presents an astonishing variety of unsolved riddles and enduring enigmas to prove that our everyday world is stranger than we believe, wilder than we can imagine. Ranging in content from Atlantis to the Bermuda Triangle and from Kaspar Hauser to the identity of Shakespeare, Colin Wilson's *ENCYCLOPEDIA OF UNSOLVED MYSTERIES* is a comprehensive

examination of the most baffling mysteries of our time. *The Eyes of the Sphinx* Erich von Däniken 1996 New interpretations of ancient writings, the discovery of hidden chambers in Egypt, and other findings provide evidence of extraterrestrial contact with the ancient cultures of Earth

Impossible Truths Erich Von Daniken 2018-01-16 The author of *Chariots of the Gods* presents astounding theories about alien contact with Earth from ancient history—updated with new evidence from his research into formerly inaccessible sites Why do flying machines and astronauts appear in the artworks and sacred texts of all ancient cultures? What is the meaning of the immense earth drawings, impossible to view from the ground, that can be found all over the globe? How could prehistoric cultures have engraved diorite and other hard rock with such incredible precision without the use of modern tools? In this mind-bending new book, Erich von Däniken—bestselling author and expert on extraterrestrial influences on early civilization—draws on his latest research to update his astounding theory that the inhabitants of other planets have kept in contact with humankind since the earliest times. • Assess for yourself the stunning visual evidence presented in some 200 photographs. • Examine previously unpublished testimony from expert informants. • Discover new research undertaken by von Däniken after the opening up of previously inaccessible regions, such as the jungle city “Buritaca 200” in Colombia. Featuring profiles of Machu Picchu, the Nazca Lines, and other archaeological mysteries, *Impossible Truths* shines a startling new light on the true relationship between alien species and humankind.

Investigating the Unexplained Paul Roland 2001 An

investigative journalist and paranormal investigator journeys into the realm of the unknown to answer questions about some of the world's most baffling phenomena, including the mysteries of the pyramids and the Sphinx, Roswell, alien abductions, the moon landings, the Philadelphia Experiment, and other puzzles. Reprint.

Eyewitness to the Gods Erich Von Daniken 2019-10 The father of the ancient alien theory with more than 65 million books sold reveals everything he has withheld for years. In all his years of service, why didn't Erich von Däniken ever doubt his theory that inhabitants of other planets had come into contact with humanity ages ago, and that they still observe us today? How could von Däniken in all these years say firmly that the UFO phenomenon is real and that people are being abducted by aliens? Why does he repeatedly criticize the official historiography and our religions and thus accept scorn and hostility? The answers to these questions are: Because Erich von Däniken spoke to people who supported his theories. Because people who saw UFOs or were kidnapped by aliens trusted him. And because experts and insiders inaugurated secrets known to only a few people. In this book, the now 81-year-old presents selected eyewitnesses and insiders for the first time, reveals secrets and stories that he has hitherto kept private, and presents reports and revelations that leave one speechless!

The Legends of the Pyramids Jason Colavito 2021-08-03 Could the Great Pyramid of Giza be a repository of

ancient magical knowledge? Or perhaps evidence of a vanished pre-Ice Age civilization? Misinformation and myths have attached themselves to the Egyptian pyramids since ancient Greece and Rome. While many Americans believe that the pyramids were built by aliens, archaeologists understand that the Giza pyramids were built by the pharaohs of the Fourth Dynasty around 2450 BCE. So why is there such a disconnect between scholarly opinion and the popular view of Egypt? In *The Legends of the Pyramids*, Jason Colavito takes us back to Late Antique Egypt, where the replacement of polytheism with Christianity gave rise to local efforts to rewrite the stories of Egyptian history in the image of the Bible. When the Arab conquest absorbed Egypt into the Islamic community, these stories then passed into Islamic historiography and reentered the West. Colavito's *The Legends of the Pyramids* lays open pop culture's view of Egypt in movies, TV shows, popular books, and New Age beliefs, detailing how the hidden history of Egypt has grown alongside the official history of archaeology and Egyptology.

The 12th Planet Zecharia Sitchin 1991-05-01 Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it, and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, *The 12th Planet* is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. *The 12th Planet* brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki, and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.

The Egypt Code Robert Bauval 2007-10-01 Why did the ancients align their monuments so precisely with the stars? What were the practical and symbolic reasons behind these mysterious configurations? From the author of *The Orion Mystery*, the best-selling book that introduced the revolutionary star-correlation theory about the Giza pyramids, *The Egypt Code* reveals an amazing Grand Unified Plan behind the legendary temples of upper Egypt. Robert Bauval, one of the world's most prominent and controversial Egyptologists, completes his groundbreaking investigation of astronomy as related to Egyptian monuments and related religious texts. *The Egypt Code* revisits the Pyramid Age and the Old Kingdom, proposing a vast sky-ground correlation for the Memphite-Heliopolis region, and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile. The central idea of the book is that the cosmic order, which the ancients referred to as "Maat," was comprised of the observable cycles of the sun and stars, in particular the star Sirius, and that the changes that took place due to the precession of the equinoxes and the so-called Sothic Cycle are reflected in the orientation and location of religious sites.

Confessions of an Egyptologist Erich von Daniken 2021 "This book shares the story of Adel H., an Egyptologist, who, as a sixteen-year-old boy, was trapped for days under the Step Pyramid of Saqqara. Based on conversations with Adel H., the author tells of the boy's search for a way out of the underground world, how the boy roams passageways and chambers and sees what he calls 'impossible' things of which the professional world is completely unaware. Adel experiences uncanny

events, a mixture of spirit realm and reality, that is described here for the first time. 'The story of Egypt,' Adel says, 'has two sides - the official one and the unknown one.'"

Arrival of the Gods Erich von Däniken 2011-06-01 Nazca, once only an isolated settlement in the midst of the Peruvian desert, is today the meeting place for archaeologists from around the world. From here you can fly over the celebrated Nazca pampa and appreciate the massive scale of the extraordinary markings on the surrounding landscape. Some of these lines are over twenty kilometers long! Drawing on over thirty years of study, Erich von Daniken examines the various theories that attempt to explain the Nazca phenomena in terms of religious ritual, ancient roads, and astrological symbols. With the help of numerous photographs taken by the author---half-hanging from a small airplane---he describes the many mysteries of Nazca and puts forward a startling revolutionary solution to one of archaeology's greatest enigmas.

History Is Wrong Erich von Däniken 2009-01-01 The author takes a look at the Voynich manuscript, the Book of Enoch, a lost subterranean labyrinth in Ecuador, and the mysterious lines in the desert of Nazca.

The Books of Enoch 2017-05-05 2nd Book of Enoch, the Slavonic Enoch, or 2 Enoch, which is another apocryphal book, found complete only in Old Slavonic manuscripts, and it was once present in the Old Slavonic Bible. It's usually dated to the first century CE although Matthew Black in *The Oxford Guide to People & Places of the Bible* state that there is no manuscript "earlier than the fourteenth century BE". ~ Amazon.

The Darkest Places The Editors of Outside Magazine 2019-05 Longtime readers have come to understand that

Outside's true gift is in chronicling misadventure. *The Darkest Places* chronicles mysterious disappearances, unsolved murders, and deadly disasters, taking us to far-flung places no sane person would want to go. *The Gods Were Astronauts* Erich von Däniken 2002 Why do nearly all the world's major religions share similar myths? Erich Von Däniken, author of the runaway international bestseller *Chariots of the Gods*, believes he knows: the winged deities populating ancient religious texts were in reality extraterrestrials. Fully illustrated with compelling color and black-and-white photographs, the book takes us from Myanmar to Peru's and Egypt's unexplained "landing strips."

From Science to God Peter Russell 2010-02-08 *From Science to God* offers a crash course in the nature of reality. It is the story of Peter Russell's lifelong exploration into the nature of consciousness – how he went from being a strict atheist, studying mathematics and physics at Cambridge University, to realizing a profound personal synthesis of the mystical and scientific. Using his own tale of curiosity and exploration as the book's backbone, Russell blends physics, psychology, and philosophy to reach a new worldview in which consciousness is a fundamental quality of creation. He shows how all the ingredients for this worldview are in place; nothing new needs to be discovered. We have only to put the pieces together and explore the new picture of reality that emerges. *From Science to God* is as much a personal story of an open-minded skeptic as it is a tour de force of scientific and religious paradigm shifts. Russell takes us from Galileo's den to the lecture halls of Cambridge where he studied with Stephen Hawking. "If you had asked me then if there was a God," says the best-selling author of his

scientific beginnings, "I would have pointed to mathematics." But no matter what empirical truths science offered Russell, one thorny question remained: How can something as immaterial as consciousness, ever arise from something as unconscious as matter?

Chariot of the gods? Unsolved mysteries of the past. Tr. by Michael Heron Erich von Däniken 1969 Were visitors from outer space responsible for the fantastic and unexplained ruins left behind by ancient civilizations?

Physics of the Impossible Michio Kaku 2008-03-11 Teleportation, time machines, force fields, and interstellar space ships—the stuff of science fiction or potentially attainable future technologies? Inspired by the fantastic worlds of Star Trek, Star Wars, and Back to the Future, renowned theoretical physicist and bestselling author Michio Kaku takes an informed, serious, and often surprising look at what our current understanding of the universe's physical laws may permit in the near and distant future. Entertaining, informative, and imaginative, *Physics of the Impossible* probes the very limits of human ingenuity and scientific possibility.

The Gods Never Left Us Erich von Däniken 2017-11-20 The Long Awaited Sequel to the Worldwide Best-seller *Chariots of the Gods* When *Chariots of the Gods* was published 50 years ago, it began a worldwide change in humanity's view of the cosmos. In an era of the military space race, Erich von Däniken boldly proclaimed that Earth had been visited by more advanced beings early in our history. But prescientific man had no concept of space ships, so he called their vehicles "chariots," and those driving the chariots became "gods." Over the next five decades, von Däniken's more than 40 books built an ever-stronger case for Earth being visited by

extraterrestrial visitors. And *Chariots* became an international best seller, with 30 million copies sold in more than two dozen languages. Also during that time, the case for ET visitations millennia ago was being reexamined by contemporary UFO researchers, who found evidence of modern visitations. And von Däniken expanded his perspective to encompass the present. Now, he presents his long-awaited sequel to *Chariots of the Gods*, proclaiming that the gods never left us with all-new material to show that ancient aliens are still with us. *The Gods Never Left Us* contends that recent advancements in biotechnology, astrophysics, engineering, and artificial intelligence not only give us a fresh perspective on his ancient astronaut theory but actually validates it. We are—as a race—embarking on the exact same trajectory of our own interplanetary colonization, just as von Däniken suggested Earth itself was colonized. ETs are definitely at work today. And that affects all of us. Why do they do what they do? What could an extraterrestrial species possibly gain from observing us in the same way we look at ants? What have these strangers wanted for the past thousands of years? Can't they leave us alone? And what makes it so difficult for us to acknowledge the existence of these extraterrestrials? That is what this book deals with. "Erich's newest book is a fascination journey from the ancient past into the present with a plethora of scientific evidence and documented research. As always, he adds his own "to the point" take on it all. Readers may also like that his newest work moves in a slightly different direction from his past books. A thoroughly enlightening and enjoyable Read." --Bruce Cunningham, Director, Ancient Mysteries International LLC & Publisher of *Advanced Archaeology Review* magazine

Into the Bermuda Triangle Gian Quasar 2005-02-28 Still unsolved, still baffling, still claiming new victims. Here are the untold stories. A pilot reports a strange haze enveloping his plane, then disappears; eleven hours after fuel starvation, as if calling from a void, he is heard 600 miles away. He requests permission to land, then vanishes forever. A freighter steaming over placid seas disappears without a trace. A pleasure yacht ghosts past without a soul on board. A pilot calls for help because a "weird object" is harassing his plane. A jet collides with an "unknown" and is never found. . . . Into the Bermuda Triangle is the first comprehensive examination of these baffling disappearances in more than a generation. Drawing on official reports from the NTSB and other investigative agencies as well as interviews with scientists, theorists, and survivors, leading authority Gian Quasar not only sets the record straight on previously examined cases, he also offers a bulging file of new cases, the collective results of his twelve-year investigation. In meticulous detail this unflinching account: Documents confirmed disappearances of airplanes and ships Gathers new testimony and reexamines old interviews from eyewitnesses and survivors Explores possible explanations ranging from zero-point energy to magnetic vortices Challenges our assumptions with the sheer weight of accumulated evidence In this age of technological and scientific discovery, there are still mysteries that transcend understanding. The Bermuda Triangle is one. "The best book I've ever read on this important subject."—Andrew Griffin, *The Town Talk*

Chariots of Gods Unknown: Unsolved Mysteries of the Past Robert Charroux 2017-05 Long before Erich von Daniken wrote *Chariots of the Gods*, Robert Charroux was writing

about our historical visitors from outer space, otherwise called "Ancient Astronauts" or "Ancient Aliens," and stimulating his readers to deep thought and further investigation. This book is no exception. *Chariots of Unknown Gods* reveals unsuspected conceptual constructs, especially of the hitherto unpublished history of our Celtic ancestors - a history unpublished, and actually interdicted, because it runs counter to some of the statements made in the Bible, in Sumerian and other scriptures, and by historians and prehistorians. The whole history of Western civilization has, in fact, been deliberately distorted in order to develop a mental outlook encouraging particular modes of thought, behavior, and social structure. Charroux, who notably has worked with William Shatner and Leonard Nimoy on television documentaries concerning this topic, has prepared a serious work where nothing was shirked or neglected, and for which he dedicated himself to worldwide research. In 1968, for example, he covered 25,000 miles, traveling all over Mexico, Libya, and Tunisia. Few writers show such dedication and professional integrity in checking their sources. Charroux's readers will find in his immense documentation many ideas and proofs that will open up new vistas of understanding.

Unsolved History Joe Nickell 2010-09-12 What constitutes historical truth is often subject to change. Joe Nickell demonstrates the techniques used in solving some of the

world's most perplexing mysteries, such as the authenticity of Abraham Lincoln's celebrated Bixby letter, the 1913 disappearance of writer and journalist Ambrose Bierce, and the apparent real-life model for a mysterious character in a novel by Nathaniel Hawthorne. Nickell also uses newly uncovered evidence to further investigate the identity of the Nazi war criminal known

as ""Ivan the Terrible.""
