Tough Call Matt Popovits 2016-09-07
Life is full of tough calls and daunting decisions. The question isn't if you'll face a big decision in the future, but how you'll face the tough call that's guaranteed to come your way. Think about it. There are wedding proposals to ponder, college applications to submit, career moves to make, homes to sell, and confrontations to consider. And, knowing how poorly things could go, we sometimes find ourselves facing these decisions with a deep fear of future regret. The pressure is on. Or is it? Short and straightforward, yet full of practical insight and spiritual truths, *Tough Call*, will help you see that the Christian faith offers a mindset to confidently and joyfully make your next big decision. More importantly you'll see that you can face life with your fears recognized, your peace maximized, and your hope anchored in something greater than your ability to "get it right." Readers familiar with authors like Acuff, Chan, and Tchividjian will resonate with Matt Popovits's witty, practical, and gospel-centered take on complicated topics. *Tough Call* is an enjoyable and essential read for any and all facing a major decision.

Urban Music and Entrepreneurship Joy White 2016-11-03
Youth unemployment in the UK remains around the one million mark, with many young people from impoverished backgrounds becoming and remaining NEET (Not in

Education, Employment, or Training). However, the NEET categorisation covertly disguises and obscures the significance of the diverse range of activities, achievements and accomplishments of those who operate in the informal creative economy. With grime music and its related enterprise a key component of the urban music economy, this book employs the inherent contradictions and questions that emerge from an exploration of the grime music scene to build a complex reading of the socio-economic significance of urban music. Incorporating insightful dialogue with the participants in this economy, White challenges the prevailing wisdom on marginalised young people, whilst also confronting the assumption that the inertia and localisation of the grime culture results from its close links to NEET "members" and the informal sector. Offering an ethnographic and timely critique of the NEET classification, this compelling book would be suitable for undergraduate and post-graduate students interested in urban studies, business, work and labour, education and employment, ethnography, music, and cultural studies.

Black Popular Music in Britain Since 1945 Jon Stratton 2016-04-15 *Black Popular Music in Britain Since 1945* provides the first broad scholarly discussion of this music since 1990. The book critically examines key moments in the history of black British popular music from 1940s jazz to 1970s soul and reggae, 1990s Jungle and the sounds of Dubstep and Grime that have echoed through the 2000s. While the book offers a history it also discusses the ways black musics in Britain have intersected with the politics of race and class, multiculturalism, gender and sexuality, and debates about media and technology. Contributors examine the impact of the local, the ways that black music in Birmingham, Bristol, Liverpool, Manchester and London evolved differently and how black popular music in Britain has always developed in complex interaction with the dominant British popular music tradition. This tradition has its own histories located in folk music, music hall and a constant engagement, since the nineteenth century, with American popular music, itself a dynamic mixing of African-American, Latin American and other musics. The ideas that run through various chapters form connecting narratives that challenge dominant understandings of black popular music in Britain and will be essential reading for those interested in Popular Music Studies, Black British Studies and Cultural Studies.

Don't Call Me Urban Simon Wheatley 2010 Spanning 12 years *Don't Call Me Urban!* is a fascinating photographic portrayal of underground music culture and social alienation. Capturing the era when London's inner-city youth found an authentic voice, Simon Wheatley's incisive eye goes into the raw environment from

which the new stars of British popular music, such as Dizzee Rascal and Tinchy Stryder have emerged.

Remembering What I Forgot K. Allen

2017-06-26 You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, *Remembering What I Forgot* tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by today's health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, *Remembering What I Forgot* conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

Queer Muslim diasporas in contemporary literature and film
Alberto Fernández Carbajal 2019-07-04
This book explores the representation of queer migrant Muslims in international literature and film from the 1980s to the present day. Bringing together a variety of contemporary writers and filmmakers of Muslim heritage engaged in vindicating same-sex desire, the book approaches queer Muslims in the diaspora as figures forced to negotiate their identities according to the expectations of the West and of their migrant Muslim communities. The book examines 3 main themes: the

depiction of queer desire across racial and national borders, the negotiation of Islamic femininities and masculinities, and the positioning of the queer Muslim self in time and place. This study will be of interest to scholars, as well as to advanced general readers and postgraduate students, interested in Muslims, queerness, diaspora and postcolonialism. It brings nuance and complexity to an often simplified and controversial topic.

Small Ball Don Geidel 2016-09-11

September 11th, 2001 was America's wake up call to terrorism.

Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

With One More Look at You Mary J Williams 2017-03-14 WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy- especially after twelve years. Forbes isn't the same young man. He found his adventure-and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

Thinking Seriously About Gangs Paul Andell 2019-05-04 This book examines the current debate about UK street gangs termed the 'UK Gang Thesis' debate. It argues that policy formations in the UK aimed at addressing street gangs preceding and succeeding the English riots of 2011 have encompassed positions of both gang denial and gang blame. The

policy pendulum of denial and blame raises questions about where UK gang-policy stands, and which ideas and influences have framed our responses to this issue. The book will explore the UK Gangs Thesis using an analysis of empirical evidence from three sites in three English regions which encompasses periods of both gang denial and gang blame. This book is an examination of the relationship between theory, policy and practice in the context of the current UK gangs-discourse, and one of the first to examine the country lines phenomena. There is a need to formulate a less partisan analysis of gangs in the UK, and to recapture the debate from analyses which understate or overstate the gang problem. In order to do so, Andell argues that a realist approach is needed which defines what constitutes social reality and overcomes theoretical and methodological difficulties in order to critique present formulations of gangs. This book provides this critique and makes suggestions for a more comprehensive and democratic approach to gang policy, in what can be termed a critical realist approach to gangs.

Regeneration Songs Anna Minton 2018-09-18 Twenty-seven leading artists, writers and academics come together to tackle one of the most drastic urban regeneration programmes in world history - the "Regeneration Supernova" of East London. The impact of global capital and foreign investment on local communities is being felt in major cities across the world. Since the 2012 Olympics was awarded to the British capital, East London has been at the heart of the largest and most all-encompassing top-down urban regeneration strategy in civic history. At the centre of this has been the local government, Newham Council, and their daring proposal: an "Arc of Opportunity" for developers to transform 1,412 hectares of Newham. The proposal was outlined in a short film, London's Regeneration Supernova, and shown to foreign developers and businesses at the 2010 Shanghai World Expo. While the sweeping changes to East London have been keenly felt by locals, the

symbolism and practicalities of these changes - for the local area, and the world alike - are overdue serious investigation. *Regeneration Songs* is about how places are turned into simple stories for packaged investment opportunities, how people living in those places relate to those stories, and how music and art can render those stories in many different ways. The book will also include a download code to obtain the related musical project, *Music for Masterplanning* - in which musicians from East London soundtracked London's *Regeneration Supernova* - and a 32-page glossy insert detailing the artists involved.
