Sell It Online Nicholas L. Vulich  
2013-04-19 eBay, Amazon, Etsy, & Fiverr So many choices How do you decide? Which site is right for your online business? Many books promise to share the secrets to getting wealthy selling online. They tell you to sell this or that product, or to try this top secret listing method, or to sign up for this course. But, that's all they are - promises. Sell It Online is different. It's written

by a real eBay Power Seller and Top Rated Seller. One who's been selling on eBay and Amazon for over fifteen years. Most importantly, Sell It Online doesn't make any crazy promises that you'll make a million dollars overnight selling on any of these sites. It's not going to happen. It also doesn't tell you that you can make three thousand dollars a month following my method, because those kinds of promises don't make sense. Anyone can make money selling online. But, you aren't going to make a fortune following someone else's plan. If you want to make money selling online, you need to understand . The ecommerce sites that are out there so you can choose the one that's best suited for the products you sell. . You need to sell products that people actually want to buy. . You need to have a steady source of products and services to sell. . You need to offer customers value for the money they give you. . And finally, you need to know your numbers, and understand what it's going to take to make a profit. Quite frankly, this book isn't for everyone. If you're the kind of person who dreams about making a quick fortune selling online, you're going to be disappointed, because it doesn't work that way. If it did, everyone would be an eBay millionaire. You're also not going like this book if you're afraid of digging in and getting your hands dirty. Online selling is a hands-on business. You're the guy (or gal). You need to be out there every day - sourcing new products, listing items for sale, packaging and mailing what you've sold. You need to answer emails around the clock, put out fires (customer service issues), and keep the books. If you're not ready for all of that responsibility, this probably isn't the right book for you. When you finish reading this

book, you'll better understand 1. Which products are better suited to selling on eBay, Amazon, Etsy, and Fiverr 2. How to craft a product listing that draws attention to your product and makes people want to buy it - NOW 3. How to offer world class customer service that will keep customers coming back to you to purchase more of your products and services 4. How to use GoDaddy Bookkeeping to track your income and expenses Most importantly, reading Sell It Online will give you the confidence you need to start and grow a successful online business. Don't hesitate! Order your copy of this book this morning. Start selling on line this afternoon.

of Internet auction sites. It's a  
global bazaar offering a range of  
goods from Antiques to Zulu Daisies.  
Cars, clothing, collectibles: you  
name it, and it's likely that you can  
find on eBay. But along with the vast  
selection of goods available, buyers  
and sellers also encounter all the  
other elements that markets are known

and the occasional rare priceless  
find or undiscovered  
treasure.Seasoned eBay traders know  
that to successfully buy and sell  
within this mega-shopping platform,  
you need to understand the system.  
Unfortunately, the secrets of the  
site are often tightly held by other  
buyers and sellers seeking a  
competitive edge. But what if you're  
a newcomer? Or an experienced trader  
who wants to make the jump to power  
buyer or seller? eBay: The Missing  
Manual gives you the inside  
information you'll need to become an  
eBay expert.Buyers will find the most  
effective ways to find you want and  
pay prices that are sure to bring a  
smile to your face. And you'll get  
authoritative advice on strategic  
bidding: how to watch for elusive  
items, time your bids to take the  
competition by surprise, and--above  
all--avoid paying more than you ought  
to.Sellers will get sure-fire tips  
from eBay veterans who have  
discovered ways to ramp up their own  
auctions and sell at the highest  
possible prices. From the smallest  
details, such as how to take and post  
the most effective photos of your  
goods, to pricing strategies,  
inventory management, and shipping

methods, this user-friendly manual will help you make more money on eBay. Whether you're selling a single item or running fulltime business on the site, you'll find tips to help you do it more effectively.
