*Astorath: Angel of Mercy* Guy Haley 2022-03-01 Discover the story of Astorath, one of the Blood Angels' most fascinating characters! Following the Devastation of Baal and the arrival of the Primarch Roboute Guilliman's Indomitus Crusade, Commander Dante of the Blood Angels has been appointed Lord Regent of all Imperium Nihilus. Working with the successor chapters of the Blood Angels, Dante commands that the area around the Red Scar be scouted in preparation for reconquest. The Red Wings' sweep has led them to the foetid world of Dulcis, dangerously near to the Cicatrix Maledictum itself. Decimated by the tyranids during the war for Baal and only lightly reinforced by Primaris Space Marines, the Red Wings Chapter are in no position to deal with the events that unfold there. Strange psychic phenomenon and a deadly xenos enemy threaten the great hope of all the Chapters of the Blood - that the flaw in Sanguinius' geneseed has at last been tamed. Drawn by the Black Rage to Dulcis, Astorath the Grim, Lord High Chaplain and Redeemer of the Lost, comes to aid the Red Wings. But what he discovers there will shake the Chapters of the Blood to their very core.

**The Wicked and the Damned** Josh Reynolds 2019-04-02 A chilling mosaic novel by masters of their craft. On a misty cemetery world, three strangers are drawn together through mysterious circumstances. Each of them has a tale to tell of a narrow escape from death. Amid the toll of funerary bells and the creep and click of mortuary-servitors, the truth is confessed. But whose story can be trusted? Whose recollection is warped, even unto themselves? For these are strange stories of the uncanny, the irrational and the spine-chillingly frightening, where horrors abound and the dark depths of the human psyche is unearthed. A chilling portmanteau. I could feel the hairs on the back of my neck prickling. The perfect combination of horror and Warhammer 40,000.' **Death in Medieval Europe** Joelle Rollo-Koster 2016-10-04 *Death in Medieval Europe: Death Scripted and Death Choreographed* explores new cultural research into death and funeral practices in medieval Europe and demonstrates the important relationship between death and the world of the living in the Middle Ages. Across ten chapters, the articles in this volume survey the cultural effects of death. This volume explores overarching topics such as burials, commemorations, revenants, mourning practices and funerals, capital punishment, suspicious death, and death registrations using case studies from across Europe including England, Iceland, and Spain. Together these chapters discuss how death was ritualised and choreographed, but also how it was expressed in writing throughout various documentary sources including wills and death registries. In each instance, records are analysed through a cultural framework to better understand the importance of the authors of death and their audience. Drawing together and building upon the latest scholarship, this book is essential reading for all students and academics of death in the medieval period.
