NORTHERN SASKATCHEWAN GARDENING MANUAL

Gardening helps teach children about growing their own food, being ecologically responsible and about nature. Kids love to watch things grow, and growing a garden will help them understand where healthy food comes from. Learning about soils and how plants grow will help make gardening simpler and easier to understand.

Donated over 150 years ago, the land holds trees and structures older than us all. Our goal is to ensure the natural and historic features endure for another century, so that future generations can experience the great outdoors and appreciate the public park. Sincerely, William E. Reininger, Jr. Executive Director Steve Kidwell

building a bridge yellow:Layout 1

One of our most important and precious roles is to raise our children to become responsible adults. We all have many questions about their future regarding self-advocacy, employment, college, training, independent living, and community participation. We want the transition from high school to young adult life to go well. We need to plan early.
