Numbers of Stars for Eternal Life Grigori Grabovoi

2021-01-20 The distant stars, from which only the light can be seen by physical eyesight, have subtle connections with the Soul of man. Man can perceive the light of his Soul with physical eyesight, which is mixed with the color of human body. You can see with this understanding, that the starlight is crossed and combined with the light of the Soul at a distance from human body and on human body at the physical level. The Light of stars, in a sense, is an element of eternity in terms of the fact, that such light often reaches a human individual in millions of light-years, and it is simultaneously a gateway to the world, that is ~~Downloaded from~~

The World Teacher Disclosed
MS Yelena Loginova 2014-05-04
This book is based on my research, which is essentially a large gathering of evidence, ranging from prophecies (both ancient and new), recent declarations from high-level people around the world, as well as some statements in the words of the World Teacher himself and my own personal experiences, tending to prove that the Second Coming of Christ in visible form has occurred, that he was born in a conventional, natural and easy way. All elements in this book

follow a logical sequence, coming together to form a perfect puzzle, and each aspect can be further broadened and deepened almost to infinity. I therefore set some limits to the scope of this present work, but did my best for it still to be utterly fascinating and to stir awakening in your mind and heart. Of course, if you do not agree with me, I can understand your doubts. However, it should be noted that no one has yet managed to move my ideas from the position where I stand firmly and joyously, but do not think for a minute that my conclusions are based in fanaticism, far from it, actually. I'm at my core a genuinely free individual, of a very inquisitive nature. I try to look at the world in its totality and to move toward the goal which is Eternal and Harmonious Development for all.

Restoration of Matter of Human Being by Concentrating on Number Sequence

Grigori Grabovoi
2012-10 All the methods of restoration of human matter with the help of concentration on number sequences given in this book can be used with preventive and sanitary purposes, for rejuvenation, and in case of necessity, to restore the matter, regardless of the initial data, on the basis of which the matter is restored. When using the described methods in paragraphs 1-9 in the introduction you can consider the following: -With the aim of prophylaxis it is expedient to make

rehabilitation with the simultaneous spreading the effect of concentration on number sequences for the future. -For rejuvenation it is expedient to concentrate in succession at first on the number sequence, located in the content (of the book), taking into account the task of eternal development, and then concentrate on the matter which you are locally rejuvenating. -Restoring the matter of the body, you can perform concentration on number sequences in succession with the help of the various methods given in this book. You can use the number sequences corresponding to the matter being restored, as well as the number sequences of the area, which includes the matter you are restoring. -If it is necessary to restore the matter after biological death, then you should at first concentrate on the numbers consecutively from left to right, then in reverse order - from right to left. The spiritual impulse creating human matter makes it possible to expand the

methods of restoration. Restoring the human matter one must strive to develop the spiritual level to the state in which the matter is created and functions by the spiritual activity, along with the biological principles and principles of events. Such spiritual state in the process of implementation of the methods of the eternal development must ensure full restoration of human matter, regardless of the initial data and any circumstances.

Consciousness Grigori Grabovoi 2019-04-17 The Author's seminar Conducted by Grigori Grabovoi on October 15, 2003. In this seminar, the author says: «And firstly, I would like to consider the issue of exactly the recovery level of this level of the Teaching. Because when we talk about consciousness, firstly, we consider the element of human perception, precisely the element when a person perceives himself, and here the main element is that a person is considering his own Soul, which created him, but through spiritual consciousness».

Practical Guide to Using Number Sequences Grigori Grabovoi 2019-08-22 Each number sequence is a combination of numbers, which form a specific frequency. Vision of God Grigori Grabovoi 2021-10-07 Then, for man, the Soul of God is also the manifested material world.

First, it is his degree of thinking towards God, that is, how much he reaches God in his thinking, and then some already manifested material processes go. By comparing this, for example, with the physiological level of a person, it can be said in such a way, that a person, for example, there, when waking up or being born, he first examines the internal structure of the organism, that is, well, what is always with him. The simplest postulate for a person is to have what is always with him. So, it is, for example, as if his constant vision of his bodily structure.

And considering body as the physiological structure of the Soul in terms of its action, for example, in infinite development - specifically in this position - we can quite say that by analogy with this, God sees firstly the whole world.

That is, when He turns to the Soul, He also can see His own structure of the organization of His own Soul. After all, for God, who can create everything, it means, He can create His own Soul practically at the same time. There is a fundamental difference between God and man in terms of action.

Because when we want to learn how to do what God does, we must see what we can learn. It is again an absolutely applied mechanism of action here: we must obligatorily see the difference.

Introduction to the Methods of Grigori Grabovoi Svetlana Smirnova 2012 The teachings of Grabovoi are concerned with securing eternal, creative, and harmonious development. A focal point of this teaching is the actual prevention of a possible global catastrophe.

Prk-1u Grigori Grabovoi
2021-08-13 30 Controls for the PRK-1U, was created by Dr. Grigori Grabovoi, based on his great scientific research and his registered patents. There are no analog devices in the world. The device will be configured according to the personal parameters of those who sign a contract when acquire the device or by using it Online 24/7 at IVIDEON platform. By concentrating on the device, it is possible to develop one's own consciousness to be able to control events (including health) in order to improve them, develop clairvoyance, and be able to design favorable future events. The device was designed to develop the following concentration types:
Concentration for any event or situation (including health)
Concentration to rejuvenate
Concentration for the development and clairvoyance control
Concentration for the forecasting control
development
Concentration for the Eternal Life Development
The strength of concentrations and the development of

consciousness due to the concentration, is the same. But the physical device has an advantage: when the device is turned on, the person who is at 3 meters distance and is the one who was configured in the device, will take to the norm all its events, even if that person is not concentrated. Why the person has to be concentrated if the physical device is turned on and taking to the norm the events? Because when it is concentrated, the consciousness of the person is being developed and if the consciousness is developed, the person can take to the norm its own events without the device, and besides will develop the clairvoyance.

The Hearing of God Grigori Grabovoi 2022-04-13 When we consider the hearing of God in terms how He can hear your words, which, for example, you distribute to prevent a possible disaster at a nuclear reactor there, on the plane, anywhere, in the organism there, then it turns out that He hears, because He does not want it either. And He does not hear it

would not occur. It means, hearing arises from the co-directional motions - in fact, the motions of the same events, in general. Well, take the same car: all cars when they move in the same form, then, as if moving in space, the future shape of the space appears to be in the form of some streets or roads somewhere there. And they move into this form, where the outer shape can be the form given by God in terms of human perception. And another driver cannot hear a sound of a nearby car; but he also moves in the same direction. He understands at the same time, what sound another car has. Here the sound is converted into what he understands that if it moves, then this car has this sound.

Unified System of Knowledge

Grigori Grabovoi 2012-10-13

Recently the world has shown great interest to the work of Grigori P. Grabovoi, head of the "International Program for health improvement of man".

The method of health improvement includes diagnostics, information processing, recovery process. Grigori P. Grabovoi puts into practice all work cycles, using his abilities of clairvoyance and remote information control. Digital diagnostics is performed in addition. Grigori P. Grabovoi says: "I see my mission not only in curing. I perform matter regeneration (recovery) regardless of the initial state. This proves irrationality of destruction, shows the technology of salvation, and

implements the fundamental principles of the world's ecological safety". Since Grigori P. Grabovoi regenerates after natural death, cures the 4th stage of cancer and the 4th stage of AIDS, when many organs are also destroyed, he naturally heals from any disease. Thus, Grigori P. Grabovoi implements the principle of non-dying as a method of preventing the global catastrophe threatening the whole world. Recovery cycle can be performed remotely without distance limitations. The program includes both the elimination of man-made disasters that could lead to global catastrophes, as well as control of events that overcome critical conditions as a result.

knowledge in ways that encourage control and instant action. Implementing this knowledge attentively, its complex simplicity as if ignites a very insightful process and experience, while also making absolute sense in terms of its axiomatic principles, their application and of course, the results. If you are interested to take a next serious step towards your spiritual development and growth, perhaps this exceptional book with its theory and practical ways of thinking will be a key to your current process for further progress in your personal management and in global salvation. Considering Dr. GRABOVOI's axiom that, the Soul of man is built according to the same laws as the physical body of The One God, one can see that the Soul is already eternal because It is built according to the same laws. Did you know that your Soul is always in action, never sleeps, and that It always starts working immediately at whatever stage of a situation when asked by your

Consciousness? Do you wish to know more about the properties and qualities, the special characteristics of your own Soul? For example, for the Soul, the control is always action - to improve and to normalize (i.e. make to the norm of the Creator) as It was created with these qualities. The norm is how God makes the norm, how the plants and animals grow, how the World is transformed, how the person breathes in general - this is the technology of human healing. One can restore oneself by thinking since it is the Soul that creates thought. Therefore, it is sufficient to develop one's Consciousness to the level one is really indestructible, to the level of realization of reality towards the norm, towards the physical body of the One God for self-realization and its translation to the rest of the World. God does for all at once; so you do for all and for yourself. So, you can use your Soul to help yourself. Upon reading and studying this book you can find out ways of thinking that can
