**Al-Isra' Wa'l Mi'raj** Hafiz Ather Hussain Al-Azhari 2017  
Jerusalem and Its Role in Islamic Solidarity Y. Reiter  
2008-05-26 The book deals with the role of Jerusalem as a central religious-political symbol, and with the processes by which symbols of faith and sanctity are being employed in a political struggle. It examines the current Islamic ethos towards Jerusalem and the affinity between this religious ethos and the political aspirations of the Palestinians and other Arab and Islamic groups. It also compares current Jewish and Muslim narratives and processes of denial and de-legitimizing the affiliation of the other to the holy city and its sacred shrines and addresses the question whether religious outlook forms a major barrier for achieving peace in the Israeli-Arab arena.

A Prayer for Spiritual Elevation and Protection

Muhyiddin Ibn 'Arabi 2007-06-01 Widely used for centuries in Sufi circles, the prayer known as "The Most Elevated Cycle" (al-Dawr al-a'la) or "The Prayer of Protection" (Hizb al-wiqaya), written by the great Sufi master Muhyiddin Ibn 'Arabi, has never before been available in English. This book provides a lucid English translation and an edited Arabic text of this beautiful and powerful prayer. It includes a transliteration for those unable to read Arabic, who wish to recite the prayer in the original language. Showing the importance of Ibn 'Arabi's devotional teaching, the book explores the prayer's contemporary life, properties and historical transmission. It gives full details of generations of well-known scholars and Sufi masters who have transmitted the prayer, providing an intimate and fascinating insight into Islamic history.

**Muhammad** Martin Lings 1991 Acclaimed worldwide as the definitive biography of the Prophet Muhammad in the English language, Martin Lings' Muhammad: His Life Based to the Earliest Sources is unlike any other. Based on Arabic sources of the eighth and ninth centuries, of which some important passages are translated here for the first time, it owes the freshness and directness of its approach to the words of men and women who heard Muhammad speak and witnessed the events of his life. Martin Lings has an unusual gift for narrative. He has adopted a style which is at once extremely readable and reflects both the simplicity and grandeur of the story. The result is a book which will be read with equal enjoyment by those already familiar with Muhammad's life and those coming to it for the first time. Muhammad: His Life Based to the Earliest Sources was given an award by the government of Pakistan, and selected as the best biography of the Prophet in English at the National Seerat Conference in Islamabad in 1983.

**The Prophet's Ascension** Christiane J. Gruber 2010 The tales of the mi'raj describe the prophet Muhammad's journey through the heavens, his encounters with prophets and angels, and his visit to heaven and hell. The tales are among Islam's most popular, appearing in Arabic, Persian, and Turkish literature, and in later adaptations throughout the Muslim world. Often serving as narratives designed to promote the worldview of particular Muslim groups, the tales were also a means for communities to construct rules of normative behavior

and ritual practices, and were used to assert the superiority of Islam over other religions. The essays in this collection discuss the formation of this narrative, the mi'raj as a missionary text, its various adaptations, its application to esoteric thought, and its use in performance and ritual. -- Book jacket.

We Have Honored the Children of Adam Shaykh Nazim Haqqani 2013-07 Perhaps hundreds of thousands of books can be written on the meanings of one verse of the Holy Qur'an, "Verily We have honored the Children of Adam." What about you? You can sit down and say what is in your heart from heavenly knowledge, or from holy knowledge from our human spirituality. You will never stop writing! But however much you take from that knowledge ocean, do you think that ocean diminishes? Never. The importance of human beings before the Almighty Lord must not be underestimated. And that importance is only a grant, not something achieved. However to attain the rights to that grant there are conditions and stipulations that must be kept. Just like an inheritance, if any condition is breached the entire will is discarded. In this book, learn the conditions and stipulations behind the Divine Grant to human beings in order that you too may be a candidate to receive that grant in full.

**Dante and Islam** Jan M. Ziolkowski 2014-12-01 Dante put Muhammad in one of the lowest circles of Hell. At the same time, the medieval Christian poet placed several Islamic philosophers much more honorably in Limbo. Furthermore, it has long been suggested that for much of the basic framework of the Divine Comedy Dante was indebted to apocryphal traditions about a "night journey" taken by Muhammad. Dante scholars have increasingly returned to the question of Islam to explore the often surprising encounters among religious traditions that the Middle Ages afforded. This collection of essays works through what was known of the Qur'an and of Islamic philosophy and science in Dante's day and explores the bases for Dante's images of Muhammad and Ali. It further compels us to look at key instances of engagement among Muslims, Jews, and Christians.

*The Core of Islam* Sayyid Fadhil Milani 2017-10-24 The aim of this work is to guide Muslims, especially youths, giving clear answers to many commonly asked questions, in order to replace bewilderment with the clarity that comes from profound study of the primary sources of Islamic thought - the Holy Qur'an and ahadith of the Prophet Muhammad (S) and error-free Imams of his progeny. Thus, it examines contemporary issues, fundamentalism, extremism, radicalism, etc., through researched insights into Muslim personality, moral behavior and Islamic teachings of justice and fairness.

**Holistic Islam** Kabir Helminski 2017-05-16 Islam once gave birth to a great civilization that respected religious diversity, freedom of conscience, and scientific thought, and Islamic knowledge contributed to the birth of humanism in the Renaissance. Today's world is desperately in need of a spirituality that is free of dogma, based in experiences not beliefs, one that can reconcile the human and spiritual realms. In his new book, renowned spiritual teacher and Sufi sheikh Kabir Helminski, gives us a compelling interpretation of spiritual or holistic Islam that will hearten contemporary Muslims looking for a faith suited for our times, and providing non-Muslims a brilliant

introduction to this rich spiritual tradition. Helminski's holistic Islam is an emerging force in the world. It is reflected in the rise of the popularity of the writings of Jalal ad-Din Rumi who is loved by followers of all faiths and none. Helminski shows how it is the great Sufi teachers of the Islamic tradition who show the way to this universal wisdom. Holistic Islam is an expression of the primordial religion of humanity that recognizes a journey through levels of consciousness leading to the transformation of self and the mature human being. While all religions have a tendency to decline into sectarianism, legalism, fundamentalism, and superstition, humanity is never without the presence of realized human beings who have shared the knowledge and practice of communion with Ultimate Reality. Holistic Islam is a spiritual antidote to extremism and fundamentalism, established on a clear Quranic basis. Holistic Islam uses Quranic arguments to establish a spiritually progressive Islam.

**Quran, Hadith and Islam** Dr. Rashad Khalifa After more than 12 years of computerized research of Quran, PHYSICAL EVIDENCE was discovered proving that Quran is indeed the infallible word of God. This discovery became very popular among the Muslim masses throughout the world, and summaries of the work were printed and distributed by the millions. My personal popularity soared along with this most exciting, and most humbling, discovery. The continued research then unveiled a startling fact; that the extremely popular "Hadith & Sunna" have nothing to do with the prophet Muhammad, and that adherence thereto represents flagrant disobedience of God and His final prophet (Quran 6:112 & 25:31). This finding contradicts the beliefs of Muslim masses everywhere. Consequently, my personal popularity, and even the popularity of the Quran's miracle, plunged to the point of endangering my life and reputation. As it turned out, telling the Muslims that "Hadith & Sunna" are Satanic inventions is the same as telling the Christians that Jesus is not the son of God. Since the recognition of "Hadith & Sunna" as Satanic innovations is supported by PHYSICAL EVIDENCE, all freethinking people will accept the findings reported in this book. For such people, the results include a totally new sense of salvation, and full awareness that the Muslim masses have fallen victim to Satan's schemes.

**The God Gene** Dean H. Hamer 2005-09-27 The overwhelming majority of Americans believe in God; this conviction has existed since the beginning of recorded time and is shared by billions around the world. In *The God Gene*, Dr. Dean Hamer reveals that this inclination towards religious faith is in good measure due to our genes and may even offer an evolutionary advantage by helping us get through difficulties, reducing stress, preventing disease, and extending life. Popular science at its best, *The God Gene* is an in-depth, fully accessible inquiry into cutting-edge research that can change the way we see ourselves and the world around us. Written with balance, integrity, and admirable scientific objectivity, this is a book for readers of science and religion alike.

**The Miraculous Night Journey** Arshia Shah 2020-06-05 The Prophet (peace upon him) is awoken from his sleep and led by the Chieftain of angels to a riding mount like never seen before! They travel at lightning speed and embark on an unimaginable journey that, as it unfolds, becomes ever more miraculous. The first destination is the sacred city of Jerusalem for an unimaginable meeting and prayer with angels and thousands of prophets. In a state of wonderment and anticipation, the Prophet (pbuh) discovers that his journey is just beginning, as he begins to ascend into the heavens. As he travels to each heavenly dimension he is personally greeted and welcomed by the former prophets. The Prophet (pbuh) is then shown the frequented house with its ceaseless angel pilgrims and the Lote Tree in all its glory. The journey culminates at the pinnacle, which the Prophet (pbuh) learns to be the ultimate reason for the journey; he is brought into Divine presence to be gifted a special command. When he is returned to Mecca where he recounts the miraculous happenings, he is met with ridicule by the disbelievers, and sincere belief by those who believe. This book describes the Prophet's experiences

along the way, the miraculous nature of this journey, and emphasizes the lessons learnt from it.

**If the Oceans Were Ink** Carla Power 2015-04-07 PULITZER PRIZE FINALIST • NATIONAL BOOK AWARD FINALIST • Hailed by *The Washington Post* as "mandatory reading," and praised by Fareed Zakaria as "intelligent, compassionate, and revealing," a powerful journey to help bridge one of the greatest divides shaping our world today. If the Oceans Were Ink is Carla Power's eye-opening story of how she and her longtime friend Sheikh Mohammad Akram Nadwi found a way to confront ugly stereotypes and persistent misperceptions that were cleaving their communities. Their friendship—between a secular American and a madrasa-trained sheikh—had always seemed unlikely, but now they were frustrated and bewildered by the battles being fought in their names. Both knew that a close look at the Quran would reveal a faith that preached peace and not mass murder; respect for women and not oppression. And so they embarked on a yearlong journey through the controversial text. A journalist who grew up in the Midwest and the Middle East, Power offers her unique vantage point on the Quran's most provocative verses as she debates with Akram at cafes, family gatherings, and packed lecture halls, conversations filled with both good humor and powerful insights. Their story takes them to madrasas in India and pilgrimage sites in Mecca, as they encounter politicians and jihadis, feminist activists and conservative scholars. Armed with a new understanding of each other's worldviews, Power and Akram offer eye-opening perspectives, destroy long-held myths, and reveal startling connections between worlds that have seemed hopelessly divided for far too long. Praise for *If the Oceans Were Ink* "A vibrant tale of a friendship.... If the Oceans Were Ink is a welcome and nuanced look at Islam [and] goes a long way toward combating the dehumanizing stereotypes of Muslims that are all too common.... If the Oceans Were Ink should be mandatory reading for the 52 percent of Americans who admit to not knowing enough about Muslims."—*The Washington Post* "For all those who wonder what Islam says about war and peace, men and women, Jews and gentiles, this is the book to read. It is a conversation among well-meaning friends—intelligent, compassionate, and revealing—the kind that needs to be taking place around the world."—Fareed Zakaria, author of *The Post-American World* "Carla Power's intimate portrait of the Quran, told with nuance and great elegance, captures the extraordinary, living debate over the Muslim holy book's very essence. A spirited, compelling read."—Azadeh Moaveni, author of *Lipstick Jihad* "Unique, masterful, and deeply engaging. Carla Power takes the reader on an extraordinary journey in interfaith understanding as she debates and discovers the Quran's message, meaning, and values on peace and violence, gender and veiling, religious pluralism and tolerance."—John L. Esposito, University Professor and Professor of Islamic Studies, Georgetown University, and author of *The Future of Islam* "A thoughtful, provocative, intelligent book."—Diana Abu-Jaber, author of *Birds Of Paradise* and *The Language of Baklava*
