Reading Reconsidered Doug Lemov 2016-02-29
TEACH YOUR STUDENTS TO READ LIKE CHAMPIONS—WITH RIGOR, INDEPENDENCE, PRECISION, AND INSIGHT The world we are preparing our students to succeed in is one bound together by words and phrases. Our students learn their literature, history, math, science, or art via a firm foundation of strong reading skills. When we teach students to read with precision, rigor, and insight, we are truly handing over the key to the kingdom. Of all the subjects we teach reading is first among equals. Grounded in advice from effective classrooms nationwide, enhanced with more than 40 video clips, *Reading Reconsidered* takes you into the trenches with actionable guidance from real-life educators and instructional champions. The authors address the anxiety-inducing world of Common Core State Standards, distilling from those standards four key ideas that help hone teaching practices both generally and in preparation for assessments. This 'Core of the

Core' comprises the first half of the book and instructs educators on how to teach students to: read harder texts, 'closely read' texts rigorously and intentionally, read nonfiction more effectively, and write more effectively in direct response to texts. The second half of *Reading Reconsidered* reinforces these principles, coupling them with the 'fundamentals' of reading instruction—a host of techniques and subject specific tools to reconsider how teachers approach such essential topics as vocabulary, interactive reading, and student autonomy. *Reading Reconsidered* breaks an overly broad issue into clear, easy-to-implement approaches. Filled with practical tools, including: 44 video clips of exemplar teachers demonstrating the techniques and principles in their classrooms (note: for online access of this content, please visit my.teachlikeachampion.com) Recommended book lists Downloadable tips and templates on key topics like reading nonfiction, vocabulary instruction, and literary terms and definitions. *Reading Reconsidered* provides the framework necessary for teachers to ensure that students forge futures as lifelong readers.

Developing a Love of Reading and Books Angela Gill 2021-02-10 nsuring children read for pleasure and develop a life-long love of reading is a priority for all primary school teachers. The National Curriculum focuses heavily on promoting reading for pleasure and engaging pupils using a range of diverse and inclusive texts and materials. This text supports trainee teachers working towards primary QTS and Early Career Teachers to understand the importance of supporting children to become readers, enjoy reading for pleasure and develop higher level reading skills. It includes guidance, case studies and theoretical perspectives to show trainee teachers how they can develop children's reading.
