After the Greek tragedy of "The Metabarons," Alexandro Jodorowsky comes back to his biblical roots with this quest reminiscent of Moses and set on a galactic scale. To top it off, the characters and the theme of virtual reality are tailor-made for artist Zoran Janjetov ("Before The Incal"), who finds in Jodorowsky his perfect match. Albino, hero of this space odyssey, remembers here his childhood, his apprenticeship, and the big and small battles he had to fight to fulfill his ambitions in a universe where technological advances are paradoxically matched only by the cruelty and the barbarism of the forces controlling it.

and humor. SUGGESTED FOR MATURE READERS.

**Albina and the Dog-Men**

Alejandro Jodorowsky

2016-05-10 From the

psychomagical guru who brought you *The Holy Mountain* and *Where the Bird Sings Best* comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slavering animal lurking inside the men of a small village. When two women—an amnesiac goddess and her protector, a leather-tough woman called Crabby—arrive in a Chilean desert town, Albina’s otherworldly allure and unfettered sensuality turn men into wild beasts. Chased by a clubfooted corrupt cop, evil corporate overlords, giant-hare-riding narcos, and Himalayan cultists, Albina and Crabby must find a magical cactus that will cure Albina and the men’s monstrous affliction before the town consumes itself in an orgy of lust and violence. Albina and the

*Dog-Men* is Alejandro Jodorowsky’s darkly funny, shocking, and surreal hybrid of mystical folktale, road novel, horror story, and social parable, ultimately uniting in a universal story of love against the odds and what makes us human. Praise for *Albina and the Dog-Men* “Deeply psychological and mysterious, the book will stimulate the imagination of the reader’s mind to the extreme.” —Marina Abramović “In his latest novel, Jodorowsky builds on his multi-decade long assault of the public imagination . . . a fantastical and genre-defying parable of love and friendship. . . . Throughout this dark dream of a novel, Jodorowsky’s writing is comic and occasionally mesmerizing. It is also ripe with horror and philosophical questions about what it means to belong, everywhere and nowhere. And while some of the subject matter is disturbing, it often carries

the air of something ancient that you read children by a fire. For years Jodorowsky has proven the intensity of his imagination, and how far he is willing to go to present his singular vision to the world. He is a fully realized artist whose tales demand attention. At its core, *Albina and the Dog-Men* is a love story about two people committed to one another's survival and to discovering their potential. And, as with life, it is sometimes only through the weathering of a storm that our true capacities are made clear.” —Juan Vidal, NPR Books

“[*Albina and the Dog-Men*] may be the ultimate piece of Jodorowsky arcana, a mind-bending adventure story on par with his wildest cinematic visions. . . . A surrealist novel par excellence, *Albina and the Dog-Men* is a dream, a prophecy, a hallucination, and a transfiguration such as only Jodorowsky could induce.” —Publishers Weekly

“Composed like a

feverish fairytale, *Albina and the Dog-Men* is a South American parable of self-acceptance and belonging that is fueled by prurience and colored with vivid, hallucinogenic details. . . . No moment of Jodorowsky's book is at all predictable or familiar, and those who have a taste for the uncanny will be in awe over its undulations into strange, even godly, territory. The sensuality of the prose thickens as *Albina's* situation becomes more tenuous, resulting in heady and appealing constructions. . . . As *Albina* and her followers traipse over barren lands and into forests protected by ancient Incans, the novel winds toward territory both magical and needfully human. The surreal methods of redemption in the novel's final pages prove both glorious and moving. Jodorowsky's is a work of unforgettable weirdness, a work whose movements are directed by sometimes

School of Fine Arts to be cancelled, Alejandro Jodorowsky decided to pursue a new form of artistic expression to earn his living: comics. Working with his friend Luis Spota, the editor of the cultural section of the newspaper El Heraldo de México, Jodo initially planned 3 months' worth of weekly comics, which he would draw himself. However, his "Panic Fables"--named after his early '60s avant-garde theater movement in Paris--were met with such insatiable popularity that he continued the series for six and a half years, from June 1967 until December 1973. Appearing for the first time in English, this book presents all 284 of Jodorowsky's Panic Fables in full color, along with an introduction by the author. He reveals how his first comics reflected his pessimism about the future and the meaning of life, the negativity of which soon exhausted him. He realized he needed to show the

positivity that he encountered in life, and thus, little by little, he began incorporating Zen teachings, initiatory wisdom, and sacred symbology into his Panic Fables. Through this transformation and the outpouring of support from his devoted readers, many of whom cite the Panic Fables as providing pivotal guidance during their adolescence, Jodo discovered that art can serve to heal as well as raise consciousness. Writing himself into his comics, Jodo can be glimpsed as the character of the disciple who talks with his master and, as the series progresses, gradually grows to assume the role of master, providing psychomagic solutions to the problems of everyday life. In reading the complete Panic Fables in chronological order, much like his film The Dance of Reality, we witness in colorful detail Jodorowsky's own path of spiritual growth.

Alejandro Jodorowsky  
2016-09-20 "The  
Metabarons" recounted the  
extraordinary saga of the  
genealogy of the galaxy's  
ultimate warrior. But his  
ancestors also had  
ancestors. And far from  
being noble warriors with an

discover they were in fact

disloyal, vengeful pirates  
born out of brutality and  
war. From legendary creator  
Alejandro Jodorowsky and
