Expecting Adam Martha Beck 2011-08-02

"A wonderful book, funny unbelievably tender, and smart. It shimmers."--

Anne Lamott Includes an all-new afterword about Adam. John and Martha Beck had two Harvard degrees apiece when they conceived their second child. Further graduate studies, budding careers, and a growing family meant major stress--not that they'd have admitted it to anyone (or themselves). As the pregnancy progressed, Martha battled constant nausea and dehydration. And when she learned her unborn son had Down syndrome, she battled nearly everyone over her decision to continue the pregnancy. She still cannot explain many of the things that happened to her while she was expecting Adam, but

by the time he was born, Martha, as she puts it, "had to unlearn virtually everything Harvard taught [her] about what is precious and what is garbage."

Eye to Eye Julie K. Rubini 2019-04-05
Christine Brennan, the USA Today sports columnist, author, and commentator, uses her voice to advocate for diversity and equality in the world of sports, and her wisdom to encourage future

journalists. Her passion for sports was sparked by her dad, who encouraged her to participate in athletics and, as he said, “smell the game”—go watch baseball and football games together. As a child, Christine wrote daily entries in her diary and listened to play-by-play coverage on her radio. She pursued this love of words through journalism school and applied her passion for sports by reporting on them for various newspapers. Since then, she has portrayed the setbacks and triumphs of athletes, all the while fighting her own battles for success—and respect—as a female journalist. From knocking down barriers in NFL locker rooms to covering every Olympics since 1984 to being the go-to commentator whenever scandal occurs in the sports world, Christine

Brennan has done it all. Eye to Eye invites young readers to learn more about this remarkable journalist and perhaps to nurture their own dreams of investigating and telling important stories.

The True History of the First Mrs. Meredith and Other Lesser Lives Diane Johnson 2020-06-23 A classic of alternative biography and feminist writing, this empathetic and witty book gives due to a "lesser" figure of history, Mary Ellen Peacock Meredith, who was brilliant, unconventional, and at odds with the constraints of Victorian life. "Many people have described the Famous Writer presiding at his dinner table. . . . He is famous; everybody remembers his remarks. . . . We forget that there were other family members at the table—a quiet person,

now muffled by time, shadowy, whose heart pounded with love, perhaps, or rage." So begins *The True History of the First Mrs. Meredith and Other Lesser Lives*, an uncommon biography devoted to one of those "lesser lives." As the author points out, "A lesser life does not seem lesser to the person who leads one." Such sympathy and curiosity compelled Diane Johnson to research Mary Ellen Peacock Meredith (1821–1861), the daughter of the famous artist Thomas Love Peacock (1785–1866) and first wife of the equally famous poet George Meredith (1828–1909). Her life, treated perfunctorily and prudishly in biographies of Peacock or Meredith, is here exquisitely and unhurriedly given its due. What emerges is the portrait of a brilliant, well-educated woman,

raised unconventionally by her father only to feel more forcefully the constraints of the Victorian era. First published in 1972, *Lesser Lives* has been a key text for feminists and biographers alike, a book that reimagined what biography might be, both in terms of subject and style. Biographies of other “lesser” lives have since followed in its footsteps, but few have the wit, elegance, and empathy of Johnson’s seminal work.

The Book Rescuer Sue Macy 2019-10-01
Recipient of a Sydney Taylor Book Award for Younger Readers An ALA Notable Book A Bank Street Best Book of the Year “Text and illustration meld beautifully.” –The New York Times “Stunning.” –Kirkus Reviews (starred review) “Inspired...[a] journalistic, propulsive narrative.” –Publishers Weekly (starred review)

“The story comes alive through the bold acrylic and gouache art.”
–Booklist (starred review) From New York Times Best Illustrated Book artist Stacy Innerst and author Sue Macy comes a story of one man’s heroic effort to save the world’s Yiddish books in their Sydney Taylor Book Award-winning masterpiece. Over the last forty years, Aaron Lansky has jumped into dumpsters, rummaged around musty basements, and crawled through cramped attics. He did all of this in pursuit of a particular kind of treasure, and he’s found plenty. Lansky’s treasure was any book written Yiddish, the language of generations of European Jews. When he started looking for Yiddish books, experts estimated there might be about 70,000 still in existence. Since then, the MacArthur Genius

Grant recipient has collected close to 1.5 million books, and he's finding more every day. Told in a folkloric voice reminiscent of Patricia Polacco, this story celebrates the power of an individual to preserve history and culture, while exploring timely themes of identity and immigration.

The Negro Motorist Green Book Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their

names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Marking the "Invisible" Andrea M. Hawkman 2020-04-01 Substantial research has been put forth calling for the field of social studies

education to engage in work dealing with the influence of race and racism within education and society (Branch, 2003; Chandler, 2015; Chandler & Hawley, 2017; Husband, 2010; King & Chandler, 2016; Ladson-Billings, 2003; Ooka Pang, Rivera & Gillette, 1998). Previous contributions have examined the presence and influence of race/ism within the field of social studies teaching and research (e.g. Chandler, 2015, Chandler & Hawley, 2017; Ladson-Billings, 2003; Woyshner & Bohan, 2012). In order to challenge the presence of racism within social studies, research must attend to the control that whiteness and white supremacy maintain within the field. This edited volume builds from these previous works to take on whiteness and white supremacy directly in social studies education.

In *Marking the "Invisible"*, editors assemble original contributions from scholars working to expose whiteness and disrupt white supremacy in the field of social studies education. We argue for an articulation of whiteness within the field of social studies education in pursuit of directly challenging its influences on teaching, learning, and research. Across 27 chapters, authors call out the strategies deployed by white supremacy and acknowledge the depths by which it is used to control, manipulate, confine, and define identities, communities, citizenships, and historical narratives. This edited volume promotes the reshaping of social studies education to: support the histories, experiences, and lives of Students and Teachers of Color,

challenge settler colonialism and color-evasiveness, develop racial literacy, and promote justice-oriented teaching and learning. Praise for Marking the "Invisible" "As the theorization of race and racism continues to gain traction in social studies education, this volume offers a much-needed foundational grounding for the field. From the foreword to the epilogue, Marking the "Invisible" foregrounds conversations of whiteness in notions of supremacy, dominance, and rage. The chapters offer an opportunity for social studies educators to position critical theories of race such as critical race theory, intersectionality, and settler colonialism at the forefront of critical examinations of whiteness. Any social studies educator -

researcher concerned with the theorization or teaching of race should engage with this text in their work." Christopher L. Busey, University of Florida

The Foundling Ann Leary 2022-05-31

From the New York Times bestselling

author of *The Good House*, the story of two friends, raised in the same orphanage, whose loyalty is put to the ultimate test when they meet years later at a controversial institution—one as an employee; the other, an inmate. It's 1927 and eighteen-year-old Mary Engle is hired to work as a secretary at a remote but scenic institution for mentally disabled women called the Nettleton State Village for Feeble-minded Women of Childbearing Age. She's immediately in awe of her employer—brilliant, genteel Dr. Agnes Vogel. Dr. Vogel had been the only woman in her class in medical school. As a young psychiatrist she was an outspoken crusader for women's suffrage. Now, at age forty, Dr. Vogel runs one of the largest and most self-sufficient public asylums

for women in the country. Mary deeply admires how dedicated the doctor is to the poor and vulnerable women under her care. Soon after she's hired, Mary learns that a girl from her childhood orphanage is one of the inmates. Mary remembers Lillian as a beautiful free spirit with a sometimes-tempestuous side. Could she be mentally disabled? When Lillian begs Mary to help her escape, alleging the asylum is not what it seems, Mary is faced with a terrible choice. Should she trust her troubled friend with whom she shares a dark childhood secret? Mary's decision triggers a hair-raising sequence of events with life-altering consequences for all. Inspired by a true story about the author's grandmother, *The Foundling* offers a rare look at a shocking chapter of

American history. This gripping page-turner will have readers on the edge of their seats right up to the stunning last page...asking themselves, "Did this really happen here?"

African Cultural Values Raphael Chijoke Njoku 2013-10-23 Although numerous studies have been made of the Western educated political elite of colonial Nigeria in particular, and of Africa in general, very few have approached the study from a perspective that analyzes the impacts of indigenous institutions on the lives, values, and ideas of these individuals. This book is about the diachronic impact of indigenous and Western agencies in the upbringing, socialization, and careers of the colonial Igbo political elite of southeastern Nigeria. The thesis argues that the new elite manifests the continuity of traditions and

culture and therefore their leadership values and the impact they brought on African society cannot be fully understood without looking closely at their lived experiences in those indigenous institutions where African life coheres. The key has been to explore this question at the level of biography, set in the context of a carefully reconstructed social history of the particular local communities surrounding the elite figures. It starts from an understanding of their family and village life, and moves forward striving to balance the familiar account of these individuals in public life, with an account of the ongoing influences from family, kinship, age grades, marriage and gender roles, secret societies, the church, local leaders and others. The

result is not only a model of a new approach to African elite history, but also an argument about how to understand these emergent leaders and their peers as individuals who shared with their fellow Africans a dynamic and complex set of values that evolved over the six decades of colonialism.

She Persisted. How does a story begin? Sometimes it begins with a dream, and a dreamer. Mary is one such dreamer, a little girl who learns to read by tracing the letters on the tombstone of her famous feminist mother, Mary Wollstonecraft, and whose only escape from her strict father and overbearing stepmother is through the stories she reads and imagines. Unhappy at home, she seeks independence, and at the age of sixteen runs away with poet Percy Bysshe Shelley, another dreamer. Two years later, they travel to Switzerland where they meet a famous poet, Lord Byron. Mary Garber was a pioneering sports journalist in a time where women were rarely a part of the newspaper business. Women weren't even allowed to sit in the press boxes at sporting events, so Mary was forced to sit

with the coaches' wives. But that didn't stop her. In a time when African-American sports were not routinely covered, Mary went to the games and wrote about them. Garber was a sportswriter for fifty-six years and was the first woman to receive the Associated Press Sports Editors' Red Smith Award, presented for major contributions in sports journalism. And now, every year the Association of Women in Sports Media presents the Mary Garber Pioneer Award in her honor to a role model for women in sports media. Sure to inspire future journalists, athletes, and any child who has a dream, this illustrated biography of Mary Garber captures her feisty and determined spirit and brings her story to life. *Jim Trelease's Read-Aloud Handbook*

Bad Karma Deborah Blum 2013-06-22 A TRUE CRIME THRILLER THAT EXPLORES THE DARKEST REGIONS OF ROMANTIC INFATUATION. THE YEAR: 1969 THE SETTING: Berkeley, California THE STORY: Amidst the turmoil of student rebellion two loners encounter each other and turn an innocent flirtation

into a dance of death. THE CHARACTERS: Prosenjit Poddar was the brilliant engineering student who wanted nothing more than to return to his native India a big success and to marry a woman of his parents' choosing. Tanya Tarasoff was the naive coed who just wanted somebody to love. And Larry Moore was the young psychologist who thought he recognized the warning signs that his patient was not just suffering from a jilted love affair... but was about to commit an act of murder. THE STAKES: In a culture clash that pits the traditional values of male-dominated India against free-love attitudes of Berkeley in the '60s, an impending tragedy unfolds. Soon Larry Moore finds himself face-to-face with the biggest dilemma of his career. What does a doctor do if he perceives

his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. BAD KARMA is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling

would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual.
