Dr. Susan's Solutions Susan M Lark M D 2013-06-24 Would you like to have deep, peaceful sleep, joyful and calm mood, strong bones and healthy, regular menstrual periods or enjoy a stress-free menopause? Then, *Dr. Susan's Solutions: Progesterone - The Superstar of Hormonal Balance* is the one book that you must have! Written by Susan M. Lark, M.D., one of the most respected women's alternative medicine experts, this book shares her very effective, all natural treatment program that has helped countless women support their own progesterone production, bring their hormones back into balance and successfully recover from health issues caused by progesterone deficiency. She is also one of the most prominent proponents of bioidentical progesterone and has extensive experience working with this very beneficial hormonal therapy. If you are suffering from conditions related to progesterone deficiency and estrogen dominance like PMS, fibroid tumors, endometriosis, heavy and irregular menstruation, premenstrual breast pain, Polycystic Ovarian Syndrome (PCOS) and menstrual migraines or menopause related hot flashes, insomnia and bone loss, you can greatly benefit from Dr. Lark's new book! Rachel came to see Dr. Lark as a patient because she suffered from severe PMS mood swings, bloating and food cravings while Julia needed help because fibroid tumors of the uterus caused her menstrual periods to become heavier and more irregular. Genevieve was suffering from menopause related insomnia, mood swings and hot flashes. Her all natural progesterone support program helped provide great symptom relief for all of these patients and helped to bring their estrogen and progesterone levels back into a much healthier balance. You will greatly benefit, too, from Dr. Lark's all natural treatment program to heal progesterone deficiency. *Progesterone - The Superstar of Hormone Balance* provides you with: - Dr. Lark's all natural patient proven program on how to support your own production of progesterone and maintain healthy progesterone levels within your own body through the use of powerful and effective nutritional supplements, herbs and other nutrients - Essential information on guidelines for the use of bioidentical progesterone therapy, who should use it, the health benefits of bioidentical progesterone therapy, cautions on its use and the best dosages to use for optimal results - Important information about how progesterone is produced within the body; its functions and chemistry - How to evaluate your own level of progesterone as well as essential facts on the medical testing for this hormone - How diet, stress and lifestyle affect our progesterone levels as well as what causes our

progesterone levels to diminish

Natural Menopause Remedies Nadine Taylor 2009-12-01 Learn the most effective ways to ward off specific menopausal symptoms--without the use of synthetic hormones. We learned the bad news: Women on Hormone Replacement Therapy have a higher risk of heart disease, blood clots, stroke, and breast cancer than those who are not. Some six million women were taking synthetic hormones (HRT) when the news broke. And the Women's Health Initiative, a prestigious, long-term study of 16,000 women, had to stop three years earlier than planned, leaving millions of women unsure what to do next. But there is good news. Women can use all-natural remedies for their hot flashes, insomnia, heart disease, osteoporosis, low libido, and vaginal dryness--without risking serious side effects. *Natural Menopause Remedies* uncovers the truths and myths about nature's remedies, including foods, herbs, supplements, lifestyle changes, and alternative techniques. Based on clinically proven evidence drawn from thorough research, this book reveals which natural remedies work, how they work, and how to use them. With the information in this book, women can implement a personalized plan for their specific symptoms.

The Natural Superwoman Uzzi Reiss, M. D., OB/GYN 2008-11-13 The new health bible for women. Women all over the world flock to Dr. Uzzi Reiss for his cutting-edge approach to women's health. In *The Natural Superwoman*, Dr. Reiss brings his innovative philosophy to women everywhere, demonstrating how they can stop feeling overwhelmed and tired and start feeling their best?energized, focused, and ready to take on the world ?each day. As Dr. Reiss explains, hormone balance is the key to living with vitality. His anti-aging program combines natural hormone therapy, essential nutritional advice, simple exercise, and mind-body techniques to help you, no matter what your age, become the healthiest, most vibrant ?natural superwoman? you can be. *The Natural Superwoman* illustrates: · Which specific hormones can enhance energy, sexuality, and memory; heal dry skin; relieve sleep disorders; alleviate depression; and more · Why you should take magnesium instead of calcium to guard against osteoporosis · How to make simple changes to your diet to help you lose weight · Why you may actually be exercising too much This book offers accessible yet authoritative information from a physician with more than thirty years of experience in understanding and working with women. *The Natural Superwoman* shows you how to take control of your well-being and feel better than ever naturally.

What Your Doctor May Not Tell You About(TM): Menopause John R. Lee 2004-02-01 Arguing that giving estrogen replacement therapy to women after menopause is medically the wrong thing to do, Lee suggests that natural progesterone can prevent most of the unpleasant side effects of menopause, including osteoporosis and weight gain.

Hormone Repair Manual Lara Briden 2021-02-22 "The book my patients have been waiting for." Dr Peta Wright, gynecologist and women's health advocate *Hormone Repair Manual* is a practical guide to feeling better in your 40s, 50s, and beyond. It explains how to navigate the change of perimenopause and relieve symptoms with natural treatments such as diet, nutritional supplements, and bioidentical hormone therapy. Topics include: - Why everything is different after "second puberty." - How perimenopause can be a tipping point for long-term health. - The four phases of perimenopause. - The role of testosterone and insulin in

weight gain. - How to speak with your doctor about hormone therapy including natural progesterone. - Treatment protocols for all common perimenopause symptoms including night sweats, insomnia, migraines, and heavy periods. - Risk reduction for osteoporosis, heart disease, and dementia. Written by best-selling author and naturopathic doctor, Lara Briden, the book is backed by evidence-based research and real-world patient stories. Praise for Hormone Repair Manual: "The book my patients have been waiting for -- a science and whole woman based approach to the menopausal transition that will give women the wisdom, language, and practical tools to navigate menopause and unveil this time for what it really is -- one of the most transformative and empowering chapters of a woman's life." Dr Peta Wright, gynecologist and women's health advocate "This lively, clear and supportive book provides positive and helpful information that many women need as they approach perimenopause and beyond." Jerilynn C. Prior MD, author of Estrogen's Storm Season "Essential reading for all women over 40, and their doctors!" Dr Natasha Andreadis, gynecologist and fertility specialist "Evidence-based natural solutions for optimizing women's health and wellbeing in their 40s, 50s and beyond." Dr Fatima Khan, menopause specialist

Natural Choices for Women's Health Laurie Steelsmith 2005 Integrating the key features of natural medicine from both the Western tradition and ancient Chinese teachings, a groundbreaking guide to women's health outlines ten crucial components of a woman's health and provides tips on how to maintain peak condition with a variety of natural, nontoxic methods and therapies. Original. 15,000 first printing.

Menopause the Natural Way Dr Molly Siple, RD 2001-05-07 Make menopause a change for the better! Are you entering menopause? Would you like to be prepared for it when it arrives? Whether the change of life is upon you or years away, now is the best time to find out all you can about this natural life process. The more you know, the better you can take care of yourself. And the healthier you are, the easier your menopause is likely to be. Written by two authorities in complementary medicine and women's health issues, *Menopause the Natural Way* is a compassionate guide that combines mainstream and alternative medical approaches into a simple, six-step program that helps you create a healthy and empowering passage through menopause. You'll learn about: * Using a journal as a valuable tool for managing your menopause * Nutrition and menopause-foods and vitamins for your body's changing needs * Using herbs to balance your body and to treat and reverse symptoms * Pleasurable exercises proven to reduce menopause symptoms and promote health-from yoga and tai chi to aerobic and weight-bearing routines * Managing stress known to trigger menopause symptoms * Rebalancing your hormones through natural and medical hormone therapy Uniquely created from a woman's perspective, *Menopause the Natural Way* offers you a supportive, natural, noninvasive way to manage your menopause while feeling great.

Period Repair Manual Lara Briden 2017-09-14 *Period Repair Manual* is your guide to better periods using natural treatments such as diet, nutritional supplements, herbal medicine, and natural hormones. It contains advice and tips for women of every age and situation. If you have a period (or want a period), then this book is for you. Topics include: * How to come off hormonal birth control * What your period should be like* What can go wrong * How to talk to your doctor * Treatment protocols for all common period problems, including PCOS and endometriosis The second edition contains insights from Professor Jerilynn Prior, more than 300 new references, and an additional chapter on perimenopause and menopause. Written by a naturopathic doctor with more than twenty years experience, this book is a compilation of everything that works for hormonal health.

Natural Progesterone Ann Rushton 2003 A natural solution to ameliorating the effects of a variety of hormone related problems discusses the role of progesterone in helping menstrual problems, PMS, infertility, low sex drive, and breast lumps. Original.

Estrogen Dominance Rachel Hall 2020-11-11 If you are experiencing symptoms of an endocrine disorder of any kind then this is the book for you. The main disorder covered in this book, however, is estrogen dominance. In this book, we will go over some answers for some of the following questions: what is estrogen dominance? What are some of the best ways to combat the disease and heal from it naturally? What are some of the effects of high and low estrogen? Is this disease fatal? Are women the only sex to suffer from estrogen dominance? How do you cope with it? What do you do after you conquer it? Estrogen dominance is a complex issue for a person to face. It is generally defined as the state in which the amount of estrogen is greater than that of progesterone in the body. This is typically caused by a decrease in a person's level of

progesterone without a complementary decrease in his or her level of estrogen. There is, however, no set guideline on the amount of excess estrogen that constitutes estrogen dominance. It is determined by the amount of estrogen in relation to other sex hormones. Where there exists an excess or deficiency of any specific hormone throughout the body's endocrine system, overall imbalances start to occur and health problems start to rear their heads. Among other situations, this can occur when there is too much estrogen in a person's system and not enough progesterone to counteract it all. Not only does estrogen dominance plague women, but males are also susceptible to the disorder. The importance of estrogen in a man's body is often severely overlooked. This hormone, among other things, regulates a man's levels of testosterone, his bone health, several brain functions, skin health, his cholesterol levels, cardiovascular functions, and his sexual function/libido. Usually, the levels of estrogen in relation to the levels of testosterone within a man's body are finely regulated. When estrogen levels increase to an unhealthy extent, testosterone usually decreases. These two events can cause many different symptoms that often overlap, making it hard to distinguish what is actually happening to the body. As you can already tell, estrogen dominance and other endocrine disorders are incredibly complex problems which take lots of studies to get a grasp of. In downloading this book you will/have gained a valuable resource in understanding more about these issues. Natural Hormone Balance for Women Uzzi Reiss 2002-01-01 An easy-to-follow anti-aging program draws on the principles of natural hormone replacement to promote a healthier, younger-looking skin, weight control, muscle tone, enhanced energy and sexual function, better sleep habits, balanced moods, better memory, and more. Reprint.

The Hormone Solution Dr. Thierry Hertoghe 2010-04-07 America's perceptions about the inevitable effects of aging are about to be completely rethought, thanks to groundbreaking new information from an internationally known expert on hormones and antiaging medicine. Thierry Hertoghe, M.D., has an important message to share: people are aging unnecessarily. Based on thirty-five years of scientific studies, *The Hormone Solution: Stay Younger Longer with Natural Hormone and Nutrition Therapies* is the first book that offers a prescriptive program to counter memory loss, weight gain, wrinkles, shrinking muscle mass, impotence, hair loss, and a host of other signs and symptoms of aging. Dr. Hertoghe offers an effective program of hormone replacement therapy using safe, low doses of natural hormones—in conjunction with a healthy diet and vitamin and mineral supplements—to help people maintain physical, mental, and emotional health and literally restore their bodies to a state that's three to twelve years younger than their actual age. He identifies the fifteen main, crucial hormones found in the body and explains the process that restores each one to its correct level. With a foreword by renowned doctor Barry Sears, *The Hormone Solution* is filled with self-scoring checklists, eating plans, nutritional prescription plans, and hormone shopping lists that help every reader calculate his or her personal hormone profile. Dr. Hertoghe is revolutionizing the medical field with his work, showing us how to treat chronic illnesses and the large and small aspects of aging by using preventive measures to drastically slow the aging process and its effects without costly procedures and surgeries. *The Hormone Solution* is a landmark publication that will revolutionize how people age, enabling us to live longer, healthier, and happier lives

Estrogen Dominance No More Jackie Hank 2021-08-08 The female hormonal system is beautifully complex. In a balanced hormonal system, all of our hormones work in concert, communicating messages between each other and our organs harmoniously. Unfortunately, when one of our hormones becomes imbalanced, it can cause a flow-on effect to this communication and lead to symptoms like PMS, painful periods, weight gain and mood swings. One of the most common hormones to fall out of balance is estrogen. Estrogen levels can become both too low and too high, but the more common scenario is estrogen dominance. Being 'dominant' in estrogen means having more estrogen in relation to another key hormone progesterone. Estrogen and progesterone are designed to work like a seesaw - balancing the levels of each other to encourage smooth communication with our brain, ovaries and adrenal glands. When estrogen levels climb too high, or when progesterone levels dip too low, the result is the frustrating symptoms of estrogen dominance. The balance between estrogen and progesterone can be disrupted by poor diet, stress, lack of sleep, impaired liver function, an unhealthy gut microbiome or exposure to environmental toxins. Estrogen dominance can lead to symptoms of irregular periods, menstrual cramps, migraines, breast tenderness and mood swings. This guide will show you proven ways to effectively reduce estrogen dominance; you will be shown herbs, food, natural

remedies as well as supplements to reduce estrogen dominance fast and effectively without any side effects

How I Ended My Endometriosis Naturally Wendy K Laidlaw 2021-03-04 Endometriosis Is Not A Life Sentence How I Ended My Endometriosis Naturally chronicles Wendy K Laidlaw's personal success story and road map from being bedridden (in daily chronic pain and disabled by her stage IV endometriosis and adenomyosis), to full health by establishing the root underlying causes of her pain, inflammation and hormone imbalance - and putting all conditions into remission after 33 years. Wendy has been symptom and pain-free for several years and now helps other women around the world achieve the same results naturally through her books, Laidlaw Protocols and EndoBoss(R) Academy online Programs. This fully revised and updated 2nd edition has been expanded with three new chapters with more advice and guidance than before. It also has the added benefit of also being backed up with science, studies and research, in addition to some of the many testimonials from students and doctors. Inside this book, you will find a helpful road map detailing the basic principles the author used to put her endometriosis into remission after suffering for over 33 years, based on scientific research and backed up by many success stories of her online students. If you suffer from endometriosis, are in pain each month, and have "tried everything", or have been told by your doctor that there are no other solutions, then Heal Endometriosis Naturally is for you. The pelvic pain that usually occurs just before menstruation, or at ovulation, abdominal cramping, pain during intercourse, pain with bowel movements or urination, infertility, and pain with pelvic examinations, etc, may be severely debilitating. Wendy K Laidlaw is a best selling author, certified life coach and endometriosis health coach who suffered from stage IV endometriosis for over 33 years after the medical machine failed her. In this How I Ended My Endometriosis Naturally book, Wendy shares with you an alternative, a multidimensional and pragmatic approach to identifying the root causes of the inflammation and hormone imbalance. She shares details of her recovery and remission using natural methods which led to her full recovery from pelvic pain and symptoms of endometriosis and adenomyosis (as well as other medical conditions). Discover how to: Eliminate underlying triggers of endometriosis Get rid of the debilitating pain within three-four menstrual periods Dissolve and eliminate cysts and adhesions Beat chronic fatigue Eat in a new way that will help reduce pain Easily maintain the natural approach and get out of pain for good Heal Endometriosis Naturally is a Road Map to a Pain-Free Body Pain is a symptom of a much bigger problem that is a little harder to see, but a lot easier to heal when you know why and how. Some of the basic protocols include: Testing for hormonal, nutritional, and stomach imbalances Avoiding wheat products (including possible hidden wheat on common product labels) Choosing food alternatives that support a healthy body The Stomach Acid Test-Increasing Protein Intake Correcting Nutritional Deficiencies Remove Toxins and Estrogen Mimickers Using Natural Progesterone Cream- Natural Aromatase Inhibitors to metabolise excess estrogens Systemic Enzyme Therapy to ensure you get the maximum nutritional benefit from your food. Heal Endometriosis Naturally is NOT a 'quick fix'. The author notes that the information should not be treated as a substitute for professional medical advice. What is contained within the book is based on her own experience and healing journey to put her condition into remission along with thousands of other students and readers.

The Hormone "shift" Dawn M. Cutillo 2012 Would you like to lose five pounds, stop your hot flashes and sleep better, THIS WEEK? These results are attainable when your hormones get into balance. The author explains how natural, safe solutions can bring fast results that last. From her twenty-three years of experience in the health field, and after helping thousands of women at her Lancaster, Pa. health center, she has noted growing trends that ALL stem from a simple hormone imbalance: The inability for women to lose weight efficiently after the age of 35 due to a slowed metabolism. The increased use of strong mood medications for depression/anxiety that do not improve mood satisfactorily for most women and also cause unpleasant side effects. The increase in fatigue experienced by women and the increased use of synthetic thyroid medication that does not satisfactorily resolve all the woman's symptoms. The increased use of the birth control pill for heavy, painful periods and menstrual irregularity that temporarily solves the problem but will cause health issues over time. The increased number of ablations, hysterectomies and other invasive procedures performed for cysts, fibroids, endometriosis. Women still fear breast cancer due to not knowing its true cause. CONCLUSION: Frustration is rising due to NOT getting validation about concerns or answers on these issues from the medical field or health/nutrition industry! Are Your Hormones Imbalanced? Perhaps your

hormones have "shifted" a bit due to stress, age, pregnancy or menopause. Are you left feeling frustrated from trying to deal with many issues that do not seem to respond to diet, exercise, herbs, medication or even surgical procedures? Learn the ONE MAIN hormonal "shift" that occurs in almost all American women, starting at puberty and peaking around menopause along with its ONE MAIN origin. The author will give you simple steps on how to reverse this hormonal "shift" so that within a month you can be: Losing weight quickly (even if NOTHING worked up until now) Relieving your hot flashes/night sweats Deepening your sleep Easing your anxiety/irritability and mood swings Seeing your depression lift Regulating your menstrual cycle - easing symptoms of PMS Decreasing your chance of female-related cancers Reversing your other PMS/menopausal symptoms or conditions that affect your overall health. You will understand that when hormones are balanced you will look and feel your best while preventing female-related cancers...and slowing the aging process as an extra benefit! If you are one of the many women saying.... These constant hot flashes are driving me crazy! Is everyone around me trying to get on my last nerve? I'm counting FLOCKS of sheep and still can't sleep! I'm working out, eating like a bird and can't lose a single pound! Sex? Are you kidding? I'd rather be sleeping or eating. My thyroid medicine just doesn't seem like it's helping me lose weight. Depressed? That's an understatement, nothing is really fun anymore. This book is a must-read!

A Woman's Guide to Natural Hormones Christine Conrad 2005-12-06 More doctors are recommending natural (also called bio-identical) hormones-because they offer all the advantages of synthetic hormone replacement therapy (HRT) without the negative side effects or long-term health risks. Unlike synthetic HRT, natural hormones are bio-identical: they match a woman's own hormones exactly and don't interfere with the body's normal hormone production. They are safer and more effective, providing protective benefits that range from alleviating unpleasant symptoms of menopause, perimenopause, and PMS to protecting against osteoporosis, endometrial cancer, and other diseases. Topics covered include: - What are natural hormones and how do they work? - Why are natural hormones better and safer than synthetic HRT drugs? - Do natural hormones increase the risk for breast cancer? - Can natural hormones control midlife weight gain? - Does natural progesterone help alleviate PMS? - Will natural hormones improve skin? - How to find the right doctor - The latest on the recent NIH study

Passage to Power Leslie Kenton 1998 Designed to help women who fear the menopause or who are suffering from menopausal troubles, this text tackles the science of menopause and scrutinizes the practices commonly associated with. Leslie Kenton questions the benefits of HRT, and examines the powers of natural progesterone.

Hormone Replacement Therapy Linda Laucella 1999 Provides information on hormone replacement therapy and its risks and benefits, and includes a guide to non-drug treatments for the symptoms of menopause

Natural Progesterone Rita Elkins 1999 Countless women suffer from disorders related to menopause. Most of these, including calcium loss, depression, mood problems, loss of sex drive, hot flashes, and many others, are related to hormone depletion. Research shows that wild yam (*Dioscorea villosa*) can be an effective way to enhance the body's progesterone and other hormone levels, thereby promoting a feeling of well-being.

The Big Book of Hormones Siloam (Publisher) 2015 "End the hormone roller coaster ride for good. Women want to look younger and live longer, have more vibrant and balanced lives all while making "it" happen like superwoman. Using the wealth of resources from Siloam's most popular health writers, including Janet Maccaro, Don Colbert, Reginald Cherry, Cherie Calbom, and Scott Farhart, The Big Book of Hormones gives readers a comprehensive book on women's hormone health that covers topics such as anti-aging, weight loss, natural health (supplements, vitamins, superfoods, smoothies, and juices), stress management, and more. Women will learn: How to identify hormone imbalances When to go to the doctor The best protocols for restoration, weight loss, sleep, memory recall, regulating mood swings, and preventing other diseases related to hormone depletion such as heart disease, osteoporosis, certain cancers, and more"--

Progesterone the Ultimate Women's Feel Good Hormone Dan Purser 2009-07-31 Progesterone The Ultimate Women's Feel Good Hormone answers why you're having those miserable hot flashes, why you're having those horrible night/day/all the DANG TIME sweats. Educates you on the REAL reasons you're having "hormonal" migraines (and it's not a Lortab(c) deficiency as most physicians think). Sleep better, feel sexier and wake up happier. Reduce your risk of breast cancer, heart attacks and strokes, and feel great doing it. Endometriosis is addressed in detail and how it's either a problem with low progesterone, or progesterone

resistance (progesterone receptor problem) - NOT lack of a "laser ablation" or hysterectomy! Everything's fully referenced, nothing's made up, so you can defend your position with your own doctor, and quote the articles and studies and literature. If that doesn't work (and your doctor won't listen) Dr. Purser tells you how you can find a doctor to help you with getting natural progesterone or how to even find some over the counter. Dr. Purser lectures about progesterone all over the world and educates physicians on it and the public -- he knows of which he speaks and this book makes it simple to see why. If you're suffering and feeling like garbage from your peri-menopause, get this book NOW and save yourself more sleepless sweaty miserable nights. A female hormone guide book written by a top preventive medicine and endocrine MD/physician researcher. Includes: Dealing with menopause and depression naturally Discover why your menopause cream is not working A true natural menopause guidebook Learn menopause survival that works! Prevent PMS mood swings Reduce PMS anxiety Awesome tips for PMS survival, PMS relief, and PMS comfort Hot flash therapy Night sweat therapy Be migraine free with a Natural Migraine cure Be free of endometriosis and pelvic pain Find out about a true natural endometriosis medicine Endometriosis therapy & endometriosis causes Endometriosis cure discussed How to naturally deal with endometriosis and infertility It's time to take control of your health, because no one else will.

Controlling Hormones Naturally Melinda Bonk 1996

Essential Oils & Healthy Menopause: History and Research Secrets Danny Purser 2015-08-26 From the NINE TIME #1 Bestselling Medical Author & Educator - Essential Oils for Your Healthy Menopause Your periods dried up eight months ago - you are in the throes of another meltdown (your friends called it a hot flash) and your 30 year old male doctor (who cannot even begin to relate to your middle age women issues) just announced with a grin that you have gone through menopause. You wonder if you should flip him a fish and also if you got an all woman jury would they let you off for killing all the men around you (like this smarmy young doctor)? He hands you a prescription for estrogens and you ask if it was from horses - he just looks at you. Then he offers you birth control pills. You reminded him he treated you for blood clots a few years ago plus your mom had died from breast cancer so NO THANKS. You eventually get out of that #@%*\$ office after paying an arm and a leg on your co-pay. And wonder if you're going crazy. NO YOU ARE NOT. Your friends tell you to try essential oils. And you scratch your head. What are those? Journey now with Dr Dan Purser, the famous MD endocrinology and essential oil researcher, as he takes you gently through a healthy menopause, sharing with you the history and research secrets that have been shown to work in maintaining a healthy menopause. Learn what women's hormones decline in menopause (detailed referenced lists) and what essential oils that have shown to help maintain a healthy natural menopause. This is his long awaited update and sequel to his SEVEN WOMEN'S HEALTH CONCERNS that was hugely popular and is written in the same easy and friendly medical vernacular that has made Dr Purser one of the most popular speakers and medical educators & authors worldwide (NINE #1 books here on AMAZON). In this book the famous endocrine researcher expertly covers technologies and lab tests few other doctors even mention or know about -- information such as: How to figure out which oils you might need rather menopause pills How these essential oils can help you relax and have a better quality of life Which oil can support your estrogen levels through your healthy menopause Roman history on the use of these oils Which oil was used in the Dark Ages throughout Europe to help support the nuns through menopause Learn what your menopause symptoms mean and which hormone is depleted to cause them Which oil has been historically used to decrease men's libidos and increase women's! How to know almost immediately if your essential oils are helping Why natural options and therapies are so much better than big pharma Why doing all of this naturally will make you FEEL BETTER & SEXIER Why making these more natural and considerate choices helps your HEART & BRAIN Learn about essential oils and how they can also help your rest A fun book full of tips for healthy natural remedies that help you balance hormones and get quick relief that you won't be able to put down. Enjoy this natural menopause survival book as you see why Dr Purser, the MD author of the Program 120 Guide (a 750 page textbook on hormones and preventive medicine) is both entertaining and vastly enlightening, as you deal with your healthy menopause in a more positive and natural manner. BUY NOW! Every day that passes you have worse issues. Transform to more natural options - as natural as they get -- buy this little book and dive deeper and take charge of your menopause!

Immune System Makeover Janet Maccaro 2000 Readers looking to strengthen their immune systems and give their health a makeover can find guidance in "The 90 Day Immune System Makeover". Maccaro shares vital steps to a stronger immune system and better health, regardless of age or medical history.

[Perimenopause the Natural Way](#) Keralyn Brenner 2000-10-30 The Wiley Women's Natural Health Series brings together mainstream, complementary, and alternative medical approaches. These unique books offer advice and support on a wide range of topics of concern to women, including getting pregnant, breast health, and menopause. Are you experiencing perimenopause? You're in your thirties or forties—at your most vital time of life. Menopause is the furthest thing from your mind. But lately you're experiencing uncomfortable changes in your body—tenderness, tiredness, irregular periods, weight gain, unexplainable irritability. And you're not the only one; many of your friends have similar complaints. Perimenopause is the transitional time before menopause—your body's response to decreasing hormone levels. It's perfectly natural. Written by an authority in complementary medicine, Perimenopause the Natural Way is a compassionate guide that

combines mainstream and alternative medical approaches into a simple six-step program you can use to feel your best. You'll learn about: Nutritional and herbal medicines that can balance your body and reverse symptoms Natural progesterone-what it is, how it works, and why it's good for you Using mind-body medicine and movement to heal your body Foods that boost health and vitality and cleanse your liver Ways to reduce your risk of menopause-related health conditions such as heart disease and osteoporosis Uniquely created from a woman's perspective, Perimenopause the Natural Way offers support, wisdom, and hope for every woman during this transitional time of life.

The Hormone Makeover Donna White 2010-08 Makeovers of all kinds are very popular-everything from our bodies, our finances and careers. Many women need a hormone makeover. Since every single cell in a woman's body is influenced by hormones, if there is an excess or deficiency most likely the results will be symptoms such as: Hot Flashes, PMS, Menopausal Symptoms Depression, Anxiety, Weight Gain, Insomnia, Bone Loss, Headaches, Low Sex Drive and Fatigue... These symptoms affect women physically, mentally, emotionally and even spiritually. In *The Hormone Makeover-The 7 Steps to Transform Your Life with Bioidentical Hormones*, Donna White makes sense of the options available to women and presents precise action steps to address hormonal imbalance. Women will learn: [If their symptoms are related to hormone imbalance [Differences between synthetic, bioidentical hormones and herbal therapies [What each hormone does in the body [Symptoms of each hormone deficiency [How to find and work with a physician [How to use bioidentical hormones and supplements to address hormone imbalance [Specific protocols for bone loss, PMS, hot flashes, depression and insomnia "Donna is one of the most knowledgeable and personable experts I know in the area of bioidentical hormones." Julius Torelli, MD FACC "She has been able to effectively apply her vast knowledge in a way that is adaptable to each individual reflecting the true art of medicine at its finest." Larry Webster, MD "Through Christian voice, research, personal experience and extensive clinical experience, Donna White triumphs." K. Andre' Sloan, RPh, MBA ..".the message and education she delivers has changed the lives of many through her passion for helping women achieve natural hormone balance." Matt Monroe, President, Peoplesway Donna White, BHRT Clinical Education Consultant, conference speaker and author, has trained dozens of physicians in BHRT and assisted in the care of thousands of women. Natural Hormone Therapy for Men, Women and Children Michael E. Platt 2004-10-01 "A Revolutionary Approach to Permanent Weight Loss, PMS, The Menopause, Sexual Health, Male Menopause, Breast Cancer, Attention Deficit Disorder, and more.." This book is written in an easy to understand format to allow people to understand why they are not well.. and, what can be done about it.

Endometriosis your best chance to cure it Sandra Cabot MD This book explains in simple terms everything you need to know about endometriosis and outlines the steps that need to be taken to cure it long term. Many women think there is no hope of really curing this serious disease or falling pregnant once diagnosed with this condition. With the information in this book, which you can implement in your own life, there is an excellent chance, not only of a positive outcome, but a complete cure. Endometriosis is like a weed - it tends to grow back or recur. Holistic medicine aims to cure this disease and therefore it is recommended that it is used with other treatments. The information in this book will reduce the need for repetitive laparoscopies, which increase the risk of scar tissue building up in the pelvis and abdomen. Scar tissue can be permanent and increases the risk of infertility, bowel obstructions, constipation and ongoing chronic abdominal or pelvic pain. Surgery and drugs can remove endometrial implants and cysts but they only treat the end results of the disease; they do nothing to treat the cause or prevent recurrences. If your immune system is weak and/or your hormones are out of balance, the endometriosis will most likely recur, just like the weeds in your garden; they demand constant vigilance. The good news is that natural progesterone therapy can often

alleviate the symptoms and shrink endometriosis in women of all ages. But natural progesterone is one of medicine's best kept secrets! Learn how to use it in this book! Case history of a young teenager with endometriosis Charlotte was only 14 years of age when she began to have very heavy and painful periods. She was missing a lot of school and her mother was worried about the amount of pain killers Charlotte required to control her period pain. 2 months after starting Dr Cabot's program, Charlotte's period pains had reduced by over 80% and she was able to cope easily with her menstrual bleeding. Yes, this simple program really works and is wonderful for young women who are too young to take strong hormonal drugs or the contraceptive pill. Case history of a 35 year old woman with endometriosis Matilde was a delightful 35 year old woman who had been trying to have a baby for 5 years. In her twenties she had been diagnosed with endometriosis. Her menstrual bleeding was heavy and painful and lasted for 7 days. Matilde had tried IVF on 3 occasions and 2 of these attempts had resulted in early miscarriage and the last attempt had failed to produce a pregnancy. Matilde desired two things - to have a healthy baby naturally and to be rid of her endometriosis. After considerable tests it became obvious that this woman needed a program to reduce the autoimmune inflammation that was wreaking havoc in her gut and her reproductive tract. Nine months later Matilde came to see me for a pregnancy test - guess what? - It was positive! She was so excited and so was her sister, as she also not surprisingly had fertility problems. Matilde had a healthy full term pregnancy resulting in a beautiful baby boy. Case history of Claire Claire was a 24 year old woman who had been experiencing severe period pains for 6 years and had been diagnosed with endometriosis growing on her ovaries and in the pouch of Douglas behind her uterus. She had already had two laparoscopic surgeries to remove the endometrial deposits but the relief on each occasion had lasted less than a year. When I first saw Claire it was obvious to me that she had hormonal issues that needed to be addressed if we were going to get this problem under control. I explained to Claire that good health begins in the digestive tract and we had to work on cleaning up her intestines and large bowel. After 12 months of my program Claire was cured of her endometriosis and no longer had to take any pain killers or anti-inflammatory drugs. Her cycle was regular and her period pains were quite bearable. She absolutely loved the natural progesterone, as it had made her moods much better and she had found her old happy self again. Learn about the holistic treatment for endometriosis The correct diet to fight endometriosis Recipes and Juices Nutritional Supplements to fight endometriosis Essential strategies to improve your immune system Herbal medicines to fight endometriosis Detox your liver and bowels to control it Natural progesterone creams and troches Learn the outstanding and life saving tools to give the best chance of cure Early diagnosis and treatment is vital - don't put up with long term symptoms and suffering or being fobbed off by a doctor who does not recognize that you have endometriosis. Do not rely upon surgery and/or drugs alone, as the disease will often come back to bite you. Understand that endometriosis is like a weed - it will come back if you don't look after yourself. Use holistic medicine to keep your immune system, your liver and your gut healthy - you will not only cure endometriosis you will greatly reduce your risk of cancer and chronic diseases. Be assertive - if you need natural progesterone, make sure you see a doctor who understands it. This book is of great value in your battle against the unpleasant and potentially severe disease of endometriosis. If you have any questions feel free to contact my professional and friendly naturopaths contact details for whom are found in the book Hormone Replacement Therapy Linda Laucella 1997 Written in an easy-to-follow, question-and-answer format, *Hormone Replacement Therapy* offers practical advice that helps women determine if and how HRT will benefit them, and encourages them to consult a doctor when considering nontraditional treatments. -- Explains the positive benefits of hormones as well as its side effects -- Explores alternative treatments -- Expanded information on how to incorporate non-drug therapies and lifestyle changes into a healthcare program
