The Dancing Girls of Lahore

Louise Brown 2009-10-13 An unforgettable and compassionate look at the lives of the residents of Lahore's pleasure district The Dancing Girls of Lahore inhabit the Diamond District in the shadow of a great mosque. The 21st century goes on outside the walls, this ancient quarter, but

scarcely registers within. Though their trade can be described with accuracy as prostitution, the dancing girls have an illustrious history: beloved by sultans, their sophisticated art encompassed the best of Mughal culture. The modern day Bollywood aesthetic, with its love of gaudy spectacle, music, and dance, is their distant legacy. But the life of the pampered courtesan is not the one now being lived by Maha and her three girls. What they do is forbidden by Islam, though tolerated; but they are, unclean, and Maha's daughters, like her, are born into the business and will not leave it. Sociologist Louise Brown spent four years in the most intimate study of the family life of one Lahori courtesan. Beautifully understated, it turns a novelist's eye on a true story that beggars the imagination. Maha, at fourteen a classically trained dancer of exquisite grace, had her virginity sold to the Sultan of

Thinking in New Boxes Luc De

Brabandere 2013-09-10 When BIC, manufacturer of disposable

ballpoint pens, wanted to grow, it

looked for an idea beyond introducing new sizes and ink colors. Someone suggested lighters. LIGHTERS? With an idea that seemed crazy at first, that bright executive, instead of seeing BIC as a pen company—a business in the PEN “box”—figured out that there was growth to be found in the DISPOSABLE “box.” And he was right. Now there are disposable BIC lighters, razors, even phones. The company opened its door to a host of opportunities. IT INVENTED A NEW BOX. Your business can, too. And simply thinking “out of the box” is not the answer. True ingenuity needs structure, hard analysis, and bold brainstorming. It needs to start THINKING IN NEW BOXES—a revolutionary process for sustainable creativity from two strategic innovation experts from The Boston Consulting Group (BCG). To make sense of the world, we all rely on assumptions, on models—on what

Luc de Brabandere and Alan Iny call “boxes.” If we are unaware of our boxes, they can blind us to risks and opportunities. This innovative book challenges everything you thought you knew about business creativity by breaking creativity down into five steps: • Doubt everything. Challenge your current perspectives. • Probe the possible. Explore options around you. • Diverge. Generate many new and exciting ideas, even if they seem absurd. • Converge. Evaluate and select the ideas that will drive breakthrough results. • Reevaluate. Relentlessly. No idea is a good idea forever. And did we mention Reevaluate? Relentlessly. Creativity is paramount if you are to thrive in a time of accelerating change. Replete with practical and potent creativity tools, and featuring fascinating case studies from BIC to Ford to Trader Joe’s, Thinking in New Boxes will help you and your company overcome missed

opportunities and stay ahead of the curve. This book isn't a simpleminded checklist. This is Thinking in New Boxes. And it will be fun. (We promise.) Praise for Thinking in New Boxes "Excellent . . . While focusing on business creativity, the principles in this book apply anywhere change is needed and will be of interest to anyone seeking to reinvent herself."—Blogcritics "Thinking in New Boxes is a five-step guide that leverages the authors' deep understanding of human nature to enable readers to overcome their limitations and both imagine and create their own futures. This book is a must-read for people living and working in today's competitive environment."—Ray O. Johnson, Ph.D., chief technology officer, Lockheed Martin "Thinking In New Boxes discusses what I believe to be one of the fundamental shifts all companies/brands need to be thinking about: how to think

creatively, in order to innovate and differentiate our brands. We need to thrive and lead in a world of accelerating change and this book challenges us to even greater creativity in our thinking. One of the best business books I've read in a long time."—Jennifer Fox, CEO, Fairmont Hotels & Resorts "As impressive as teaching new tricks to old dogs, Thinking in New Boxes is both inspirational and practical—a comprehensive, step-by-step guide to sharpening one's wits in order to harness creativity in the workplace."—Peter Gelb, general manager, Metropolitan Opera

Lost and Found Sarah Jakes

2014-04-01 Don't let your past keep you from a full future. Like every girl, Sarah Jakes dreamed of a life full of love, laughter, and happy endings. But her dreams changed dramatically when she became pregnant at age thirteen, a reality only compounded by the fact that her father, Bishop T.D. Jakes, was one of the most influential megachurch pastors in the nation. As a teen mom and a high-profile preacher's kid, her road was lonely. She was shunned at school, gossiped about

at church. And a few years later, when a fairy-tale marriage ended in a spiral of hurt and rejection, she could have let her pain dictate her future. Instead, she found herself surrounded by a God she'd given up on, crashing headlong with Him into a destiny she'd never dreamed of. Sarah's captivating story, unflinchingly honest and deeply vulnerable, is a vivid reminder that God can turn even the deepest pain into His perfection. More than a memoir, *Lost and Found* offers hope and encouragement. Perhaps you, like Sarah, find yourself wandering the detours of life. Regardless of how lost you feel, you, too, can be found.

Joy Christian Wiman 2017-11-07

One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."-- David Skeel, Wall Street Journal "Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."-- Adrianna Smith, The Atlantic

Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians, joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections

The Moment of Everything

Shelly King 2014-09-02 In the tradition of The Cookbook Collector comes a funny, romantic novel about a young woman finding her calling while saving a used bookstore. Maggie Dupriv@s, recently "involuntarily separated from payroll" at a Silicon Valley startup, is whiling away her days in The Dragonfly's Used Books, a Mountain View institution, waiting for the Next Big Thing

to come along. When the opportunity arises for her to network at a Bay Area book club, she jumps at the chance-even if it means having to read Lady Chatterley's Lover, a book she hasn't encountered since college, in an evening. But the edition she finds at the bookstore is no Penguin Classics Chatterley-it's an ancient hardcover with notes in the margins between two besotted lovers of long ago. What Maggie finds in her search for the lovers and their fate, and what she learns about herself in the process, will surprise and move readers. Witty and sharp-eyed in its treatment of tech world excesses, but with real warmth at its core, The Moment of Everything is a wonderful read.
