Before a man Jason's never met smiles down at him and says, "Welcome back, my friend." In this world he's woken up to, Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that's the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could've imagined—one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe. *Dark Matter* is a brilliantly plotted tale that is at once sweeping and

Mature science fiction existing within the frame of blazing space opera' - NPR Books 'The books are an exhilarating fusion of The Hunger Games, Blade Runner and Dune. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy’s life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom’s future rests on Poppy’s shoulders, something she’s not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her

Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom...

Mature science fiction existing within the frame of blazing space opera' - NPR Books 'The books are an exhilarating fusion of The Hunger Games, Blade Runner and Dune. Amid a pulse-pounding narrative, they fearlessly tackle major issues like the fragility of democracy and the fallibility of human nature to betray its ideals even when freedom is attained' - Express '[A] thoughtful blend of action, intrigue, and prosaic human drama' - Publishers Weekly 'Iron Gold offers more of everything we loved about the first three books. Pierce Brown builds upon the foundations of the incredible universe and story he spun in the first trilogy, pivoting on his characters' flaws and fallibility to steer the narrative in unexpected directions. Suffice it to say, readers will be soon be dying to read the next one' - Barnes & Noble 'This book lives up to every expectation I have for Pierce Brown . . . you MUST read this, it will not disappoint!' - The Speculative Herald 'Brown succeeds not only in writing a great book, but adding to the world and Red Rising's mythos . . . *Snowblind* Christopher Golden 2014-01-21 In Christopher Golden's first horror novel in more than a decade--a work reminiscent of early Stephen King--*Snowblind* updates the ghost story for the modern age. The small New England town of Coventry had weathered a thousand blizzards . . . but never one like this. Icy figures danced in the wind and gazed through children's windows with soul-chilling eyes. People wandered into the whiteout and were never seen again. Families were torn apart, and the town would never be the same. Now, as a new storm approaches twelve years later, the folks of Coventry are haunted by the memories of that dreadful blizzard and those who were lost in the snow. Photographer Jake Schapiro mourns his little brother, Isaac, even as--- tonight---another little boy is missing. Mechanic and part-time thief Doug Manning's life has been forever scarred by the mysterious death of his wife, Cherie, and now he's starting over with another woman and more ambitious crimes. Police detective Joe Keenan has never been the same since that night, when he failed to save the life of a young boy . . . and the boy's father vanished in the storm only feet away. And all the way on the other side of the country, Miri Ristani receives a phone call . . . from a man who died twelve years ago. As old ghosts trickle back, this new storm will prove to be even more terrifying than the last. Spellbinding in scope and rooted deeply in classic storytelling, Christopher Golden has written a chilling masterpiece that is the best work of his career and a standout supernatural thriller. *Railsea* China Miéville 2012-05-15 "Other names besides [Herman] Melville's will surely come to mind as you read this thrilling tale—there's Dune's Frank Herbert. . . . But in this, as in all of his works, Miéville has that special knack for evoking other

writers even while making the story wholly his own.”—Los Angeles Times On board the moetrain Medes, Sham Yes ap Soorap watches in awe as he witnesses his first moldywarpe hunt: the giant mole bursting from the earth, the harpoonists targeting their prey, the battle resulting in one’s death & the other’s glory. Spectacular as it is, Sham can’t shake the sense that there is more to life than the endless rails of the railsea—even if his captain thinks only of hunting the ivory-colored mole that took her arm years ago. But when they come across a wrecked train, Sham finds something—a series of pictures hinting at something, somewhere, that should be impossible—that leads to considerably more than he’d bargained for. Soon he’s hunted on all sides, by pirates, trainsfolk, monsters & salvage-scrabblers. & it might not be just Sham’s life that’s about to change. It could be the whole of the railsea. **NEW YORK TIMES BESTSELLER** “[Miéville] gives all readers a lot to dig into here, be it emotional drama, Godzilla-esque monster carnage, or the high adventure that comes only with riding the rails.”—USA Today “Superb . . . massively imaginative.”—Publishers Weekly (starred review) “Riveting . . . a great adventure.”—NPR “Wildly inventive . . . Every sentence is packed with wit.”—The Guardian (London)
