The Complete Idiot's Guide to Life After Death Diane Ahlquist 2007 A belief in the afterlife - what happens to the spirit, the essence of a person and personality after the body ceases to be - is common to almost every faith and culture the world over. Even people who don't ascribe to a religion or consider themselves spiritual share a fascination in life after death; they may just look at it in a different way. Some will wonder about the existence of heaven or hell; others believe they've seen "dead people," especially those who have been close to them in life; others look for answers to the question "What will happen to me when I die?"

In The Complete Idiot's Guide to Life After Death, author and intuitive Diane Ahlquist shares her own knowledge of the subject, as well as the opinions of religious and spiritual leaders and others, like Edgar Cayce and the Dalai Lama, who have long spoken about the possibility and the experience of the afterlife.
