States of Decadence Guri Barstad 2016-12-14 States of Decadence is a two volume anthology that focuses on the literary and cultural phenomenon of decadence. Particular attention is given to literature from the end of the 1800s, the fin de siècle; however, the essays presented here are not restricted to this historical period, but draw lines both back in time and forward to our day to illuminate the contradictory multiplicity inherent in decadence. Furthermore, the essays go beyond literary studies, drawing on a number of the tropes and themes of decadence manifested in the arts and culture, such as in music, opera, film, history, and even jewelry design.

Edgar Allan Poe Jeffrey Meyers 2000-09-05 This biography of Edgar Allan Poe (1809-1849), a giant of American literature who invented both the horror and detective genres, is a portrait of extremes: a disinherited heir, a brilliant but exploited author and editor, a man who veered radically from temperance to rampant debauchery, and an agnostic who sought a return to religion at the end of his life. Acclaimed biographer Jeffrey Meyers explores the writer's turbulent life and career, including his marriage and multiple, simultaneous romances, his literary feuds, and his death at an early age under bizarre and troubling circumstances. *Borges's Poe* Emron Esplin 2016 Esplin argues that Borges, through a sustained and complex literary relationship with Poe's works, served as the primary catalyst that changed Poe's image throughout Spanish America from a poet-prophet to a timeless fiction writer.

American Literature in Context Brian Harding 2016-05-20 First published between 1982 and 1983, this series examines the peculiarly American cultural context out of which the nation's literature has developed. Covering the years from 1830 to

1865, this second volume of American Literature in Context examines twelve major American writers of the three decades before the Civil War, including Edgar Allan Poe, Ralph Waldo Emerson, Henry David Thoreau, Herman Melville and Walt Whitman. The book also analyses the writing of two contemporary historians, an intellectual Journalist and Abraham Lincoln. Among the major themes discussed the religious heritage of New England Transcendentalism, sectional rivalries, tensions between self-culture and social awareness, and the widening gulf between the idea of national destiny and the fact of growing disunity. In addition, the dominant literary forms of the period – sermon, essay, travelogue – are related to the common cultural assumptions of the age. This book will be of interest to those studying American literature and American studies.

Edgar Allan Poe across Disciplines, Genres and Languages Alfonso Amendola 2018-01-23 This collection of essays, which rediscovers Edgar Allan Poe's not forgotten lore, comprises a two-headed scholarly body, drawing from communication and linguistics and literature, although it also includes many other academic offshoots which explore Poe's labyrinthine and variegated imagination. The papers are classified according to two main domains, namely: (I) Edgar Allan Poe in Language, Literature and Translation Studies, and (II) Edgar Allan Poe in Communication and the Arts. In short, this book combines rigour and modernity and pays homage, with a fresh outlook, to Poe's extra-ordinary originality and brilliant weirdness which prompted renowned authors like James Russell Lowell and Howard P. Lovecraft to claim, respectively, that "Mr. Poe has that indescribable something which men have agreed to call genius" and that "Poe's tales possess an almost absolute perfection of artistic form which makes them veritable beacon lights in the province of the short story. Poe's weird tales are alive in a manner that few others can ever hope to be."

Birth Control: Neurotic Tales of a First Time Father James Vavasour 2015-12-03 James finds himself woefully unprepared when his firstborn daughter, Abby, arrives into the world. On the drive from the hospital with his wife and baby, he plods along at twenty-five miles an hour while scanning the horizon for road debris, drunken drivers, and collapsing overpasses. Despite bills, diapers, and a baby that never seems to be happy, he maintains his sense of humor—even while reflecting on his own damaged childhood, which left him with a single kidney and questions about what it means to love and be loved. When he's not tackling big issues, he's neurotically brooding over his lackluster parenting skills, nonexistent sex life, and the disturbing image of his wife fishing out baby poop from under her fingernails. Appealing to a new generation of caring fathers and the women they love, Birth Control delivers honest, often embarrassing, but always heartfelt insights into what it's like to surrender to the overpowering love that comes with a first child.

The Literary Digest International Book Review 1923

The Life And Works Of Edgar Allen Poe Julian Symons 2014-07-01 The Tell-Tale Heart strips away myths that have grown up around the life of Edgar Allen Poe, providing a fresh assessment of the man and his work. Symons reveals Poe as his contemporaries saw him – a man struggling to make a living and whose life was beset by tragedy, such that he was driven to excessive drinking and unhealthy relationships.

Edgar Allan Poe Arthur Hobson Quinn 1997-12-26 Based on exhaustive research in the Poe family archive, Quinn extracts the life from the legend, and describes how they both were distorted by prior biographies. "

Edgar Allen Poe 2007

Odd and Deviant Behaviour in Selected Short Stories by Edgar Allan Poe and Flannery O'Connor Anna Broda 2008-05 Thesis (M.A.) from the year 2008 in the subject American Studies - Literature, grade: good, University of Silesia (The Institute of British and American Culture and Literature), language: English, abstract: The aim of the present thesis is to analyse the dark sides of human nature in the literary works by the two prominent American writers, Edgar Allan Poe and Flannery O'Connor. The thesis presents the types of characters whose behaviour is stigmatized with madness, brutality and alienation. The introduction portrays Poe's and O'Connor's profiles in comparison with their contemporary writers. The differences between Edgar Allan Poe and other representatives of Romanticism are discussed. Comparably, the reader is acquainted with these features of Flannery O'Connor's innovative writing that enriched the literary tradition of American South. The introduction presents the major themes of E. A. Poe's and F. O'Connor's fiction, such as inner conflict, death wish, violence and mental deformities. The first chapter describes the impact of the writers' life experiences and personal interests on their literary output. The chapter mentions the traumatic experiences from the authors' lives, such as Poe's early orphanhood and O'Connor's combat with her incurable disease. The chapter is also devoted to the writers' fascination with a sphere of human psyche and their interest in psychopathology. The aim of the second chapter is to depict the heroes whose depravation is so extreme that they lose the ability to decide about themselves and are subjected to the influence of a mysterious force to regain their internal balance. The force is meant to free these figures from their anguish and internal chaos. The third chapter presents the picture of intellectual in Poe's and O'Connor's short stories. This figure aims at exceeding the limits of human mind. As a result, he suppresses his spirit. The chapter portrays contrasting views of

both authors on the issue of human in

Israfel - The Life and Times of Edgar Allan Poe - Hervey Allen 2008-11 Israfel The Life and Times of Edgar Allan Poe Ey Hervey Allen In Two Volumes Volume I New York George EL Doran Company 1927 Copyright, 1926, by George EL Doran Company Second Edition THIB PLIMPTON PRBgfL NORWOOD PRINTB0 IN THSJ UWTITBD HTATEB OV A M li it 1 A. Edgar Allan Poe as a Young Man From a daguerreotype probably taken in Baltimore in the early Courtesy of the A dryland Historical Society For Mary Lucy Allen - . - s.. SsCa. - t 4t. . sSirjusr ifS- sX Poes Own Comment on His Childhood From a poem clipped from the album of a Mr. BALDERSTONE of Baltimore, by . L. DIDIER. The date and title are in DIDIERS hand, and the date is in correct. POE was at Fortress Monroe on March 17, 1829. The poem probably belongs to sometime later in 1829 before FOB entered West Point PREFACE IT IS not the intention in this preface to attempt to pre sent, in condensed form, a critical estimate of the great figure whose semblance, at least, walks through the pages of this biography. A long, laborious, and conscientious consideration of the immense amount of material concerning Poe, has convinced the author that any brief, comfortably clever, and convenient presentation of his character, either from a literary, psychological, or romantic standpoint is bound to be misleading. So diverse, so conflicting, and so astoundingly confusing was the life experience of Edgar Allan Poe that, in

comparison, the lives of many other men of letters are a simple tale. The method followed here has been to disregard, for the most part, the findings of all other biographers who have worked in the field, and to depend totally upon source material drawn from contemporary documents, letters, and the evidence given by those whosaw, talked with, and, to some extent, knew the man. No matter how great the authority, or scholarship of those who lived after Poe died, it is felt that the evidence of those who affirm, I saw him, talked with him, on such and such an occasion he did, or said, or appeared thus and thus is of more value than theories, be they ever so erudite and clever This biography, then, is the story of Edgar Allan Poe, and the strange forgotten America in which he lived, and perished, reconstructed from the direct evidence latent in the documents, letters, books, and illustrations of the period from about 1800 to 1850. Neither expense, effort, nor meticulous care have been spared in assembling this data, in which process, the courtesy, advice, and enthusiasm of those who have vifii PREFACE been drawn upon for aid, or for source material in their right or custody, have been truly encouraging and have, indeed, made this work possible during the past four years. There are a great many Lives of Poe. This differs from all others in that, for the first time, it tells the complete story of the man, from birth to death, and makes reasonably clear the mystery which has hitherto surrounded the first half of his life and the formative processes of youth. Former biographers because of the inaccessibility of material, withheld, for sufficient personal reasons, have been largely compelled to project Poe as a somewhat enigmatical torso, with the base draped in convenient and impressive folds. It is purely an accidental circumstance, but nevertheless an important one, that the passing of time has brought about the release of sources, hitherto inaccessible, which now make it possible to tell amply the strange, and startling story of Poes youth. There is no longer any necessity for talking about the Poe mystery, indeed, it is no exaggeration to say that there are few other literary figures whose personal life is so fully documented. There exists in the files of the firm of Ellis Allan, the business house in which Poes guardian was a partner, a surprisingly complete record of the daily life of the family, and community in which Poe lived during his youth...

Neurosis and Modernity Petteri Pietikainen 2007-07-30 In western countries, paths to modernity created socio-cultural conditions conducive to the dissemination of the language of nerves. This book examines historically the ways in which neurosis became a contagious diagnosis in Sweden, attaining the status of a national malady.

Edgar Allan Poe Joseph Wood Krutch 1926

Edgar Allan Poe's the Tell-tale Heart and Other Stories Harold Bloom 2014-05-14 Presents a collection of critical essays on Poe's novel, The tell-tale heart, arranged chronologically in the order of their original publication.

Israfel Hervey Allen 2007-03 PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...
